51. I extract below relevant passages from the policies referred to above in the following table.

Policy Section	Clause Details
Use of Fortescue's Information Systems Code of Conduct section 6.1	You are subject to the Appropriate Use of Information Technology Policy (100-PO-IT-0006) and expected to be aware of its contents. The policy includes the following responsibilities:

Policy Section	Clause Details
	...• Do not access information systems to engage in activities for the purposes of private profit • Do not use information systems to delete or attempt to destroy electronic records which are, or are reasonably likely to be, required in evidence in a legal proceeding or regulatory investigation ...• Ensure, if necessary, you encrypt data when transmitting confidential information over the internet. Only approved encryption methods should be used • Ensure you always use a Fortescue approved desktop, laptop or mobile device when connecting to the Fortescue network and while handling Fortescue information.
Appropriate Use of Information, Technology and Systems Policy (100-PO-IT-0006)	Our Strategy Fortescue will achieve this by: ... Ensuring that anyone to whom this policy applies is aware of the policy and its compliance requirements, including consequences of policy breaches. Responsibility It is the responsibility of the entire Fortescue family including directors, employees, contractors, suppliers and business partners to comply with Fortescue's policies, standards and procedures.
Personal Use and Personal Technology Appropriate Use of Information, Technology and Systems (100-ST-IT-0035)	Reasonable personal use of Fortescue Information Technology (IT) resources is permitted but the use must be legal, ethical, frugal and not interfere with the performance of duties or generate profit for the individual. Policy Section	Clause Details
Use of Fortescue IT Resources Appropriate Use of Information, Technology and Systems (100-ST-IT-0035)	Fortescue business or business-related matters must be the primary reason for access to and use of all Fortescue IT resources; or as authorised and required by law. D.2. IT security measures

52. I am informed by Jasmine Rodet, Fortescue Manager of Cyber Security and Architecture Governance, and believe that the following is an accurate description of the IT and data security practice in Fortescue during the time that Dr Kolodziejczyk and Dr Winther-Jensen were employed by FMGPS:

    (a) Generally speaking, employees would either store their electronic documents in their department's SharePoint site, on on-site servers or file-shares, or on the hard drive of their company-issued computer .

(b) Certain files and folders on the computer were also automatically synchronised and on Fortescue's on-premises IT infrastructure. I understand that this is to allow users to log in and access their files on any computer within the organisation. The files synchronised and stored automatically are files within their "user profile" and would be in folders such as "Desktop", "Documents", "Pictures", etc.

(c) Employees were able to use USB ports on Fortescue issued laptops, and file sharing platforms such as Dropbox, in order to share documents for internal work purposes.

(d) Employees were able to use both their Fortescue email address and private email addresses to share Fortescue documents for internal work purposes.

(e) Access to Fortescue's IT systems (including the company-issued computers) required employees to enter a password to log in.

D.3. Devices issued to and used by Dr Kolodziejczyk

53. According to Fortescue's business records FFI issued Dr Kolodziejczyk the following devices:

(a) a Toshiba Portege X30-E, Serial No. 1K151526H; and

E. Respondents' departure from Fortescue

E.1 Bartlomiej Piotr Kolodziejczyk

54. Dr Kolodziejczyk tendered his resignation on 14 June 2021, only to retract that resignation the following day on 15 June 2021.

55. Annexed to this affidavit and marked **Annexure "AH-19"** is a draft letter dated 16 June 2021 to Dr Kolodziejczyk from the then-CEO of FFI, Julie Shuttleworth. Julie Shuttleworth has informed me that she provided this letter to Dr Kolodziejczyk on 16 June 2021. This letter clarifies the expectations for the Second Prospective Respondent's role and references serious concerns about his behaviour as a leader within Fortescue.

56. Shortly after this letter was delivered, Dr Kolodziejczyk's title changed to "Chief Scientist" (from "Chief Scientist - Energy"), reporting to Julie Shuttleworth, and his key responsibilities became those set out in Appendix 1 to the letter, namely to:

(a) Develop electrochemical processes for production of green iron on a continuous basis, ramping up to pilot scale size and remaining technical lead should this technology be implemented commercially.

(b) Evaluate various emerging technologies and provide technical advice to make investment decisions.

(c) Develop processes and technologies to fill technology gaps related to the FFI value chain, which otherwise cannot be addressed by acquisitions or investment opportunities. This includes but is not limited to green iron and green steel processing, green cement production, and green lithium production.

(d) Scale up developed technologies to prove industrial feasibility.

(e) Work closely with projects team to ensure technology and know-how transfer.

57. On 22 October 2021 Dr Kolodziejczyk resigned again. A copy of this resignation letter is annexed to this affidavit and marked **Annexure "AH-20"**. Dr Kolodziejczyk's final day with Fortescue was 5 November 2021, by which date he had handed in his Fortescue laptop. I am informed by Michaela Johnstone and believe that Dr Kolodziejczyk's access to the Fortescue network and emails were cut off on the same date.

58. [redacted] a complaint was filed against Dr Kolodziejczyk, alleging that Dr Kolodziejczyk had materially misrepresented his qualifications and work experience to Fortescue during his recruitment process.

59. A formal investigation was then undertaken by FFI Governance and Compliance, which involved:

(a) engaging Control Risks Group Pty Ltd to prepare a business intelligence report to verify the professional history and accomplishments of Dr Kolodziejczyk as set out in his Curriculum Vitae; and

(b) engaging Deloitte to prepare a forensic examination of Dr Kolodziejczyk's devices at paragraph 53 above, to detect signs of intellectual property theft or other misconduct.

60. Annexed to this affidavit and marked **Annexure "AH-21"** is a copy of the investigation summary report prepared by FFI Governance and Compliance dated 9 February 2020 (which is a typographical error and I believe the date of the report should be 9 February 2022) and its annexures.

61. The findings of the investigation included that:

(a) there had been material misrepresentations and inaccuracies in respect of activities, positions held and qualifications listed in Dr Kolodziejczyk's Curriculum Vitae;

(b) according to the forensic analysis undertaken by Deloitte, annexed to this affidavit and marked **Annexure "AH-22"**, Dr Kolodziejczyk had:

i. deleted a folder named "Temp SD" with a subdirectory named "To Save / Fortescue IP"; and

ii. opened the same files from the subdirectory "To Save / Fortescue" on a USB device before Dr Kolodziejczyk's Fortescue laptop was handed back.

E.2 Bjorn Winther-Jensen

62. Dr Winther-Jensen tendered his resignation on 4 November 2021. A copy of this resignation letter is annexed to this affidavit and marked **Annexure "AH-23".** I am unaware of the specific circumstances surrounding the departure of Dr Winther-Jensen from Fortescue. I note that Dr Winther-Jensen resigned the day before Dr Kolodziejczyk's last day at Fortescue.

F. Contact with Respondents and Further Investigation in 2023-2024

63. In this section I set out the history of contact between the Respondents and Fortescue after the termination of their employment, and further investigations concerning the behaviour of the Respondents.

64. The evidence I give in this section is based on my discussions with Susanne Hantos (Technology Intelligence Counsel at FFI), my own knowledge and my review of the business records of Fortescue. Additionally, investigations into document storage and email activity have been conducted by Dr Bhatt, and are set out in Parts H-J of his affidavit.

65. In this paragraph and paragraph 69 below, I refer to correspondence kept in Fortescue's business records between Dr Kolodziejczyk, Susanne Hantos and me. That correspondence is recorded in an email chain annexed to this affidavit and marked **Annexure "AH-24":**

(a) on 10 July 2023 Susanne Hantos, Technology Intelligence Counsel, emailed Dr Kolodziejczyk "about signing a confirmatory patent assignment relating to an apparatus and process for producing iron from iron oxide that [he] co-invented with Bjorn Winther-Jensen while employed at FFI", attaching deeds of assignment concerning two Australian patent applications and a related PCT application. Similar correspondence was sent to Dr Winther-Jensen;

(b) between 10 July 2023 and 19 July 2023, Dr Kolodziejczyk corresponded concerning the terms of the deed and his request for a copy of the related PCT application "to ensure that I have any rights over it";

(c) on 20 July 2023, I emailed Dr Kolodziejczyk concerning the deed of assignment; and

(d) on 9 August 2023, Dr Kolodziejczyk sought clarification concerning the subject matter of the deeds and requesting again a copy of the PCT application on a confidential basis.

66. On about 19 July 2023, Susanne Hantos identified patent applications filed by the First Applicant, where Dr Kolodziejczyk and Dr Winther-Jensen were co-inventors.

67. I am informed by Phil McKeiver (Chief General Counsel of Fortescue Ltd) that on about 15 August 2023, Andrew Hamilton (Technical Director of Fortescue's Metals Technology Department) informed Mr McKeiver of concerns regarding Mr Masterman (former FFI CFO, current director of Element Zero) and his "team" that may cause the Metals Technology Department to reassess providing support in the form of supplying iron ore samples to those persons. Fortescue's Metals Technology Department had earlier provided samples to Mr Masterman (in about May 2023), and Mr Masterman was requesting further samples in July/August 2023.

68. In about August 2023, Mr McKeiver spoke to Mr Masterman to raise concerns regarding potential intellectual property infringement and Element Zero's activities. I was present on the call but did not speak. I heard Mr Masterman tell Mr McKeiver that there was nothing to worry about.

69. Returning to **Annexure AH-24**:

    (a) On 2 September 2023, Dr Kolodziejczyk emailed me to demand a copy of the PCT patent applications (see paragraph 65(d) above); and

    (b) On 11 September 2023, I emailed Dr Kolodziejczyk to state I had "recently discovered that you are a co-director and shareholder of two recently incorporated companies together with some ex-employees of Fortescue, Michael Masterman (FFI's former CFO) and Bjorn Winther-Jensen (FFI's former Technology Development Lead)", my awareness that Mr Masterman had requested iron ore samples from Fortescue, and inviting Dr Kolodziejczyk to meet "on a confidential, without prejudice basis, to discuss our concerns, and in particular, whether your patent applications are based on, or otherwise incorporate, Fortescue's intellectual property or confidential information".

70. I am informed by Andrew Hamilton that on about 5 September 2023, Mr Masterman contacted Mr Hamilton again to request further iron ore samples, but that Fortescue did not ultimately provide any further ore samples.

71. On 17 January 2024, the Australian Financial Review published an article with the title "*Former Fortescue duo breakaway green iron dream*", in which Dr Kolodziejczyk is quoted as saying:

> "*Everything we do was developed after Fortescue and doesn't bring anything from Fortescue*".

The article also states: *"Asked why he did not pursue Element Zero's electro-reduction method while working at Fortescue, [Dr] Kolodziejczyk said the idea had not dawned on him until later."* A copy of this article is annexed to this affidavit and marked **Annexure "AH-25"**.

72. On 17 January 2024, I requested Fortescue's IT department to provide access to the Fortescue email boxes of Robert Kerr (a Green Iron team member who was supervised by Dr Winther-Jensen in the University of Western Australia laboratory), Dr Kolodziejczyk, Dr Winther-Jensen and Mr Masterman.

73. From about 18 January 2024, I requested Dr Bhatt to review the emails of Dr Kolodziejczyk, Dr Winther-Jensen and Mr Masterman, and relevant documents. Dr Bhatt informed me on about 22 January 2024 that he had identified that Dr Winther-Jensen had sent confidential Fortescue documents to Dr Winther-Jensen's personal email address in the days prior to his departure from Fortescue.

74. On 10 February 2024, I made enquiries with the data protection team at Fortescue in relation to Dr Winther-Jensen's Fortescue laptop. From these enquiries, I understand that it was likely that Dr Winther-Jensen was using a Fortescue issued laptop.

75. In the period between 1 and 17 April 2024, Fortescue conducted further investigations to identify documents taken by Dr Kolodziejczyk and Dr Winther-Jensen prior to their departure from Fortescue. The details of that investigation is contained in Dr Bhatt's affidavit in Parts H-J.

76. Between 17 and 22 April 2024, I engaged Rod McKemmish, an independent computer expert employed by Cyter Pty Ltd, a forensic IT company, to examine a laptop used by Dr Winther-Jensen in the UWA laboratory. Annexed to this affidavit and marked **Annexure "AH-26"** is a copy of the report produced as a result of Rod McKemmish's examination.

77. On 22 April 2024, I understand that Rod McKemmish obtained a copy of the forensic image of the Fortescue laptop used by Dr Kolodziejczyk that had been the subject of a preliminary analysis by Deloitte (as described in paragraph 61 above), for the purpose of the internal FFI investigation [redacted] Annexed to this affidavit and marked **Annexure "AH-27"** is a copy of the report produced by Rod McKemmish in respect of that forensic image. I observe the following in respect of that report:

    (a) the report confirms (at [25]-[28] and finding 5) that at least two external USB devices were connected to the laptop between September 2021 and November 2021;

    (b) Dr Kolodziejczyk accessed a number of files stored on external USB devices connected to the laptop, including those relevant to Fortescue's "green iron" technologies, work that Dr Kolodziejczyk had been undertaking before leaving

Fortescue, and patent applications for which FFI is the applicant filed while Dr Kolodziejczyk was at Fortescue (report at [31]-[35] and finding 6);

(c) The report confirms the finding in the Deloitte report that a folder called "TempSD" was deleted on 22 October 2021, and the structure of this folder is very similar to the files and folders on one of the USB devices, suggesting that the USB device may contain copies of the files found in the "TempSD" folder (report at [40]-[45] and finding 8);

(d) Dr Kolodziejczyk's Fortescue laptop was used to access the file "FFI0302-10000-00-EG-BOD-0001_A (002) (BK).docx" while a USB device was connected to the laptop (report at page 22, date 22/10/2021 and time 10:04:57 AM). I am informed by Michael Dolan and believe that this file was the Basis of Design document for the "Chameleon Pilot Plant". This file was accessed from the USB device in mid-late October 2021, including on 25 October 2021 after Dr Kolodziejczyk resigned for the second time;

(e) Dr Kolodziejczyk's Fortescue laptop was used to access the file "Bumblebee PID markups 26_10_21.pdf" on 26 October 2021 and 1 November 2021 (after Dr Kolodziejczyk's second resignation) while a USB device was connected to the laptop (report at Master Chronology worksheet, date 26/10/2021 and time 3:22:47PM). A copy of this file is no longer on his laptop and I understand that this means the file was deleted and/or transferred onto a USB drive;

(f) Dr Kolodziejczyk's Fortescue laptop was used to access the file "Green Iron Update (02.08.2021).pdf" on 22 October 2021 (the date of Dr Kolodziejczyk's second resignation) (report at page 22, date 22/10/2021 and time 10:04:34 AM). Again, this file was accessed from a USB device connected to Dr Kolodziejczyk's laptop; and

(g) Dr Kolodziejczyk's Fortescue laptop was used to access the files "35557986AU - Drawings as filed (35557986).pdf" and "35557986AU- Specification as filed (35557986).pdf" on 22 October 2021, the date of Dr Kolodziejczyk's second resignation. These files are identified as once being stored on Dr Kolodziejczyk's Fortescue laptop hard drive with the following file pathway:

/TempSD/To save/Fortescue IP/Patent #5 (Electrochemical ore reduction)/

This file structure is similar to that of a USB drive connected to the laptop. The entire TempSD folder was deleted from the laptop on 22 October 2021 (report at [40]-[45] and finding 8).

G. Capital Raising for Element Zero

78. I refer to **Annexure AH-3**, being the ASIC Historical Company Extract for Element Zero dated 13 March 2024.

79. This document shows that in 21 August 2023, Element Zero issued 1,268 non-cumulative redeemable preference (**NCRP**) shares for an amount paid of $15,205,778.00. These shares refer to ASIC document number 5EIC31298. These shares were issued to the following shareholders:
    (a) SYMMALL PTY. LIMITED (ACN 080 538 530) (**Symmall**), who hold 320 NCRP shares, equivalent to approximately $3.8 million of the $15,205,778.00 paid; and
    (b) PLAYGROUND VENTURES III L.P, who hold 948 NCRP shares, equivalent to approximately $11.4 million of the $15,205,778.00 paid.
80. Mr Masterman has been, since 10 September 2021, the sole company director and secretary of Symmall, and is the sole shareholder of Symmall. This is shown in an ASIC Historical Company Extract for Symmall dated 5 February 2024, which is annexed to this affidavit and marked **Annexure "AH-28"**.
81. According to this above analysis, Mr Masterman appears to have provided Element Zero with $3.8 million in funding, in return for NCRP shares issued to his company, Symmall, on 21 August 2023.
82. I note that the issuance of Element Zero shares equivalent to approximately $11.4 million to PLAYGROUND VENTURES III L.P on 21 August 2023 is consistent with the capital raising information contained in the Australian Financial Review news article dated 17 January 2024 and entitled "Former Fortescue duo in breakaway green iron dream", which is **Annexure AH-25**. This article states that:

    "Element Zero was registered with ASIC in December 2022 and raised $US9 million from US venture capital fund Playground Global in August.

    The money was part of a $US10 million raising that will help fund studies in a larger plant that would consume a tonne of iron per day."

H. Fortescue's Confidential Information taken or concerned taken

83. After undertaking the investigations set out in Part F above, I believe that Dr Kolodziejczyk and Dr Winther-Jensen are in possession of Fortescue's confidential information, including:
    (a) documents that Dr Kolodziejczyk accessed on his Fortescue laptop (while connected to a USB device) around the time of his second resignation, as described in Mr McKemmish's report (paragraph 77 above);
    (b) the documents that Dr Winther-Jensen emailed to his personal email address as set out in Part I of Dr Bhatt's affidavit, and are in his possession;
    (c) documents that Dr Bhatt would reasonably have expected to exist based on Dr Kolodziejczyk's work at Fortescue (including because Dr Kolodziejczyk has represented in writing that he has done work with respect to ionic liquids, including when completing a patent assessment form), but which do not appear to be recorded

on Fortescue's systems, and may be in Dr Kolodziejczyk's possession, as set out in Parts E, H, I, and J of Dr Bhatt's affidavit; and

(d) information obtained by Dr Kolodziejczyk and Dr Winther-Jensen while undertaking work at Fortescue which is relevant to Element Zero's activities, and may be in their possession, as described in Part H of Dr Bhatt's affidavit and Part H of Mr McFaull's affidavit.

I. Real risk of destruction

84. I believe that there is a real risk of destruction of important evidentiary material, including the confidential information identified above and any other documents subsequently created derived from Fortescue's electrochemical reduction technology, for at least the following reasons:

(a) Dr Kolodziejczyk and Dr Winther-Jensen resigning from Fortescue at substantially the same time, before moving to work together at Element Zero, implying that they had collaborated with each other with respect to their future work while at Fortescue;

(b) Dr Winther-Jensen sending confidential Fortescue documents to his personal email address after his resignation and before his departure from Fortescue, as set out in Part I of Dr Bhatt's affidavit;

(c) Dr Kolodziejczyk and Dr Winther-Jensen both working at Element Zero which purports to have invented electrochemical reduction processes substantially the same as those worked on while at Fortescue, as set out in Part F of Dr Bhatt's affidavit;

(d) Because documents that should exist cannot be found by Fortescue as referred to in paragraph 83(c) above, I infer that Dr Kolodziejczyk and Dr Winther-Jensen either destroyed or hid those documents, or took them with them when they left Fortescue;

(e) Dr Kolodziejczyk likely used file transfer means, including USB devices to remove confidential Fortescue documents from his Fortescue laptop, as set out in paragraph 77 above; and

(f) Dr Kolodziejczyk materially misrepresented his qualifications and experience, as set out in paragraphs 58-61 above.

J. Seriousness of prejudice, loss or damage

85. I have read Part F of Mr. Olivier's affidavit, by which I am informed and believe that if the Search Order is not made and the relevant documents in the Respondents' possession are destroyed, Fortescue may not be able to prove ownership of its electrochemical reduction technology and will suffer significant commercial prejudice.

Total Fixed Remuneration

Your annual Total Fixed Remuneration (**TFR**) is the total of your base salary, superannuation and any applicable allowances.

Your TFR is determined by your Work Location and your hours of work and may change as these aspects of your employment change.

Based on your Work Location and hours of work at the Start Date, your TFR will initially be:

Base Salary	$ [redacted]	per annum
Cashed Out Superannuation	$ [redacted]	per annum
Superannuation	$ [redacted]	per annum
TOTAL:	**$** [redacted]	**per annum**

Your TFR may be reviewed annually and may be increased, at the Company's discretion, after taking into account the Group's performance and industry salary movements generally. There is no guarantee of any TFR adjustment following the annual review.

To the extent permitted by law, TFR is inclusive, and paid in satisfaction, of all payments and benefits that the Company is legally obliged to provide to you, including overtime payments or other payments for hours worked in excess of hours of work, and including all entitlements you have to payments (including base salary, overtime, loadings and allowances) under any Industrial Laws.

For the purposes of your Contract of Employment, "Industrial Laws" mean:

(a) the Fair Work Act 2009 (Cth) (FW Act) and/or any other applicable State or Federal legislation or subordinate law;

(b) any Modern Award (as defined in the FW Act) that applies to you; and

(c) any other industrial instrument which may apply.

In the event of individual terms of your Contract of Employment being read down or struck out by a court or industrial tribunal, the remainder of your Contract of Employment continues to apply.

In order to comply with the Industrial Laws, the Company may adjust the components of your TFR from time to time without decreasing the total amount of your TFR.

Total Variable Remuneration (TVR)

Additional discretionary payments such as commissions, incentives, profit sharing, bonuses or any performance-related payments are known as TVR and do not form a component of your TFR. Discretionary payments will operate entirely at the discretion of the Board. TVR is not guaranteed as a contractual element of your remuneration.

Superannuation

In addition to your base salary and as part of your TFR, Fortescue will make superannuation contributions on your behalf at the rate of 11 % of your gross earnings.

You are free to direct your superannuation contributions to a regulated complying superannuation fund of your choice. If you do not advise the Company of your choice of a regulated complying fund, your contributions will be made to the ANZ Corporate Superannuation Fund or other fund nominated by the Company in writing from time to time as the default fund. The Company may, at its discretion, change its default fund at any time to the extent permitted below.

If you choose your own fund and do not become a member of the Company default fund, you are required to provide information about your chosen fund to the Company Payroll within fourteen days of accepting the offer of employment.

You may elect to salary sacrifice additional contributions by providing notice in writing to the Company. However, the Company will only make superannuation contributions to one superannuation fund for you.

Expenses

If the Company has given you express written authorisation to claim reimbursement for reasonable work related expenses the Company may reimburse you, subject to you providing the appropriate receipts or tax invoices as required by the Company.

Housing/Utilities Assistance

Where the Company provides you with housing or utilities assistance or reimbursement this will be in accordance with the Group policy relating to housing (as amended from time to time).

General Terms and Conditions of Employment

Overview

The attached letter of offer (**Letter of Offer**), and the Special and General Terms and Conditions of Employment, together form your contract of employment with the FMG Personnel Services Pty Ltd (**the Company**) (**Contract of Employment**).

The Company is a wholly owned subsidiary of Fortescue Metals Group Ltd (**Fortescue**) and the Company and its related entities are part of the Fortescue Group of Companies (**Group**). In order to maintain consistency between Group companies, the Company may direct you to comply with the requirements of the Group. Where your Contract of Employment makes reference to a Group standard or requirement, this is directed by the Company and you must comply.

Induction

Prior to commencement of employment with the Company, you will be required to undertake the relevant Group inductions, some of which may be online. Instructions for completing these will be forwarded to you.

Work Eligibility

Your employment is conditional on you providing proof of your eligibility to work in Your Role in Australia.

Duties

The details of Your Role and your duties will be determined by the Company and may be varied from time to time.

During your employment you will be required to:

(a) safely undertake all duties that are within your skill and competence as directed by the Company, and by the Group, under whose direction you are working;

(b) exercise diligence, use your best endeavours, act in the best interests of the Group at all times, and not engage in any activity which is harmful to the Group;

(c) perform the duties assigned to you from time to time, and comply with any lawful and reasonable instructions given to you;

(d) promptly report, and participate fully, in any information or explanations as may be required by the Group in connection with your employment (eg: performance reviews and investigations);

(e) conduct yourself in accordance with the commercial and ethical standards commensurate with Your Role;

(f) ensure the highest level of safe working practices are adhered to and maintained including the appropriate wearing of personal protective equipment; and

(g) not accept or undertake any additional employment or engagement in connection with any other business, either paid or unpaid, without the prior written consent of the Company.

You may be required by the Company to undertake training aimed at maintaining, enhancing or broadening your work skills and performance. You may also be required by the Company to teach work skills to others.

Probation

The first 3 months of your employment are probationary. This provides you with an opportunity to evaluate Fortescue as a place to work and gives the Company the opportunity of evaluating your performance in your new working environment. The probation period may be extended to a maximum of 6 months if necessary at the discretion of the Company.

During probation, this contract may be terminated by either party giving one weeks' notice.

Salary Sacrifice

You may agree in writing with the Company to substitute an amount of your annual salary for other benefits (**Salary Sacrifice**). Where an agreement is made in writing to Salary Sacrifice, this will be considered as a payment to you under this Contract of Employment.

Payments

Payments under this Contract of Employment (other than by way of Salary Sacrifice) will be made at intervals up to monthly by electronic funds transfer into the bank (or other recognised financial institution) nominated by you.

Where an overpayment of remuneration or entitlements has been made to you, you must repay the overpayment within a reasonable period of time. Where the overpayment is not repaid within what the Company considers to be a reasonable period of time, the Company will be entitled to deduct and retain any overpayments from your remuneration, including from termination payments (to the extent permitted by law) or to set off this amount.

Any payment or benefit which you received from the Company, which exceeds an entitlement under this Contract of Employment, can be set off against a claim for underpayment of another entitlement under this Contract of Employment.

Agreement to Sustain Operations

You acknowledge and agree that the terms and conditions of your employment are established by your Contract of Employment and that any industrial instrument that applies to your employment applies the minimum, rather than actual, terms and conditions of employment.

By entering into this Contract of Employment you are acknowledging and agreeing that you do not wish to assert your right to take industrial action in support of industrial claims.

You agree and acknowledge that this commitment is given voluntarily and that you have not exercised the right to amend or remove this provision at the time of entering into this Contract of Employment.

By accepting this Contract of Employment you are confirming your commitment to work for the Company as required and directed by the Company, notwithstanding any right you may have to take industrial action. You understand and agree that whilst this right may exist, you do not wish to exercise it.

Leave

Annual Leave

As a full time employee you will be entitled to 20 days' paid annual leave for each year of service with the Company.

If you are employed as a "shift worker" for the purposes of the National Employment Standards, you will be entitled to 25 days' paid annual leave for each year of service working on continuous shift with the Company.

Annual leave will be taken at a time agreed with the Company having regard to operational requirements. The actual amount of time taken and paid as annual leave will be deducted from your annual leave accrual. If you are on a roster, annual leave is required to be taken in minimum periods of one full swing or multiples of swings.

Leave applications must be approved in writing by the Company and the Company can direct how annual leave will be taken. The Company may direct you to take paid annual leave at certain times, including but not limited to:

(a) where you have accrued excessive annual leave; or

(b) during periods where the Company or Group, or sections of the Company or Group, are not fully operational, there is a shut for maintenance or close down.

If you do not have enough annual leave, you may be required to take leave without pay.

Where permitted by the FW Act, you may be entitled to:

(a) cash out annual leave by agreement in writing with the Company, provided your annual leave accrual balance after cashing out satisfies the requirements of the FW Act; and

(b) take annual leave in advance of your entitlement provided it is approved by the Company in writing and is deducted from subsequent accruals.

Personal/Carer's Leave

As a full time employee you will be entitled to 10 days' paid personal/carer's leave for each year of service with the Company. Your personal/carer's leave entitlement accrues progressively during your year of service and accumulates from year to year. However, if unused, personal/carer's leave is not payable upon termination of your employment.

If you have used all your paid personal/carer's leave entitlements, you will also be entitled to 2 days' unpaid carer's leave per occasion.

To be entitled to take paid or unpaid personal/carer's leave you must notify the Company as soon as reasonably practicable of your inability to attend work, the nature of your injury, illness or emergency or that of a member of your immediate family member, or household (as defined in the FW Act), the period, or expected period, of leave and provide an application for leave following immediately on your return to work from personal/carer's leave.

The Company may require you to provide evidence to substantiate the basis for taking personal/carer's leave, including a certificate from a registered medical practitioner or a statutory declaration. If you do not produce evidence that satisfies the Company of the basis for an absence, you may not be paid personal/carer's leave for that absence and may face disciplinary action (up to and including termination).

If you are unable to attend work but do not have an accrued entitlement to personal/carer's leave:

(a) you may request to take annual leave instead of personal/carer's leave; or

(b) the Company may direct you to take annual leave if you have accrued excessive annual leave. The Company is not required to give you notice if it directs you to take annual leave in accordance with this clause.

Compassionate Leave

You will be entitled to 2 days' paid compassionate leave on each occasion a member of your immediate family or household, (as defined in the FW Act), contracts or develops a personal illness or sustains a personal injury that poses a serious threat to their life, or after the death of a member of your immediate family or household.

If you work at a remote site or when a member of your immediate family resides overseas, you will be entitled to an additional 2 days' paid compassionate leave to allow for travel to and from site or overseas.

You must provide the Company, as soon as practicable, with notice of the taking of any compassionate leave, the expected duration of the compassionate leave and you may be required to provide evidence of the need to take such leave to the satisfaction of the Company.

Long Service Leave

You will accrue long service leave at the rate of:

(a) 13 weeks of paid long service leave after completion of the first 10 years of continuous service with the Company; and

(b) 6.5 weeks of paid long service leave after completion of each 5 years of continuous service with the Company after the first 10 years.

Where you have completed at least 5 years of continuous service with the Company, but less than 10 years:

(a) you will be entitled to take the proportionate amount of leave that you would be entitled to on the basis of 13 weeks of paid long service leave for 10 years of continuous service with the Company; and

(b) your long service leave balance will be deducted by the amount so taken.

Any period of long service leave taken is inclusive of any rostered periods of rest and recreation leave that would normally fall during that period.

At completion of 5 years or more continuous service with the Company, you may, as an adequate benefit in lieu, cash out some or all of your long service leave entitlement by agreement in writing with the Company, in which case you will be paid in lieu of the amount of long service leave cashed out based on your annual salary.

Parental Leave

If you have completed at least 12 months' continuous service with the Company you will be entitled to 12 months' unpaid parental leave in accordance with the FW Act.

If you are intending to or considering taking parental leave you should consult your Line Manager and a Fortescue People representative.

Defence Forces Reserve Training

If you are involved in the Defence Forces Program you will be entitled to 14 days' unpaid leave for each year of service with the Company to attend Defence Reserves training.

Other Leave Entitlements

You will also be entitled to take leave to carry out certain community service activities such as jury service and voluntary emergency management activities.

Meaning of time periods

In this clause a reference to a month is a reference to a calendar month, a reference to a week means 38 hours and a reference to a day means 7.6 hours.

Provision of Transport

Where the Company provides you with transport to and from a Site or Work Location, this will occur from a Designated Point of Departure determined by the Company. You are required to arrive at your Designated Point of Departure at the times required by the Company, according to transport schedules and to comply with other requirements. If you are absent from work as a result of a failure to comply, this may result in disciplinary action and you may not be paid unless the absence is for approved leave.

Camp Accommodation

If you are provided with accommodation by the Company you are required to observe and comply with all rules and directions established by the Company, the Group or another person delegated by them regarding the accommodation and surrounding facilities (which may be amended from time to time). Failure to abide by these rules and directions may lead to disciplinary action and/or the withdrawal of your camp accommodation and, in such circumstances, your employment may be terminated.

Public Holiday

You may be required to work on public holidays that fall within Rostered Hours and payment for this requirement has been factored into your annual salary. You agree that a request to work on a public holiday is reasonable having regard to the nature of Your Role, the operational requirements of the Company and your annual salary.

If you are not required to work on a normal rostered work day solely because it is a public holiday, you will receive payment as if you were required to work on that day as part of your annual salary.

Employee Obligations

You must comply with the requirements and directions of the Company. These requirements and directions may change from time to time. Failure to comply with these requirements and directions may result in disciplinary action, up to and including termination of employment.

You must comply with all of the Company's instructions regarding safety and security and always engage in safe work practices for the protection of yourself and others.

You will be provided with Company uniform and/or personal protective equipment as relevant to the requirements of your specific job role and Work Location.

You must attend work in a fit state that will enable you to perform your duties without danger to yourself or others and must at all times comply with the Company's directions regarding fitness for work.

The Company may require you to undertake such medical tests as it considers appropriate including, without limitation, random drug and alcohol testing, health screenings and assessments and you agree to undergo such tests and to give the Company access to the results of such tests, which will be dealt with in a confidential manner, to assist with the management of safety, welfare and general employment matters.

You will maintain the validity and currency of all licenses, qualifications, certificates, drivers' licenses and all other relevant documents that are required for your employment. You will produce these documents if requested at any time by the Company.

Occupational Health and Safety

The Company is committed to the health, safety and wellbeing of all employees. You must comply with all Group and Work Location safety policies and procedures and immediately report any unsafe or hazardous condition. Employees who violate safety standards, cause hazardous or dangerous situations, or do not report (or, where appropriate, remedy) such situations, may be subject to disciplinary action (up to and including termination).

If you are involved in or aware of any incident or accident that results in injury to persons or damage to property (or potential injury or damage to property), regardless of how insignificant it may appear, you must notify your Line Manager or other relevant manager immediately.

Company Property

On your employment ending or at any other time requested by the Company, you must return to the Company:

(a) all property belonging to the Group that you have or reasonably can obtain; and

(b) all property that you have, or can reasonably obtain, that contains Confidential Information.

Property includes anything on which information is recorded, for example, documents, computer disks, thumb drives, hard drives and memory cards.

Compliance with the Code, Policies, Procedures and Standards

You are provided with access to the Code and all policies, procedures, guidelines and standards relevant to Your Role, through the internal Group intranet. You must familiarise yourself with and comply with all obligations imposed on you by the Code and any Group policy, procedure, guideline or standard. Such documents are not incorporated into this document and do not form part of your Contract of Employment, and do not create implied rights for you or obligations to you from the Company. The Group may vary the Code and any policy, procedure, guideline or standard from time to time. To the extent that obligations arise for the Group, under the Group's policies, procedures guidelines and standards, you agree that no duty of mutual trust and confidence exists between you and the Company.

Confidentiality

You must not, either during or after your employment, use or disclose to any person any of the Group's Confidential Information, except:

(a) in the proper performance of your responsibilities and duties;

(b) if you are compelled by law and have used every lawful means available to you to prevent disclosure; or

(c) if you have been authorised in writing by the Group to do so.

In the event you are required to disclose the Group Confidential Information to a person you must:

(a) inform your Line Manager in writing prior to any disclosure; and

(b) ensure that other person is aware that the information must be kept confidential.

If you suspect or are aware of any unauthorised use, copying or disclosure of information, you must immediately notify your manager.

Confidential Information means all information regardless of the manner in which it is recorded or stored, including but not limited to information in an electronic form, relating to the business interests, methodology or affairs of the Group, or any person or entity which the Group deals or is concerned with.

Conflicts of Interest

You must fully disclose all actual and potential conflicts of interest, and you may not give or receive any monetary payment, gift, benefit, personal favour or gratuity in, or in connection with, any business of the Group except as expressly authorised in accordance with Group directions and protocols.

Media Statements

Statements to the media may only be made by a designated Group representative. If you are approached for a comment by any representative of the media, you should politely decline and refer the enquiry to your Line Manager.

Ownership of Products and Copyright

Any intellectual property (including, but not limited to, inventions, discoveries and original work, process, design or other material) produced in the course and scope of your employment or using the Group's equipment, data or other resources, is and will be the sole and exclusive property of the Group and should not be used other than for the purposes of Group's business. You agree to assign all such intellectual property to the Group, including all common law and statutory rights and remedies and any rights of action now or later available to you in relation to that property. This includes copyright in any material such as computer programs.

Personal Information

Throughout your employment the Group may collect personal information about you. You consent to your personal information being transferred to a related entity in Australia or in other countries, the Group insurers and superannuation administrators, travel agencies and other organisations engaged to assist the Group in human resources administration or to provide employee benefits.

All personal information will be administered and used in accordance with the Code (as amended from time to time).

Licences

If you are required to hold a specific licence, registration or permit as a condition or requirement of employment then you must ensure that validity and currency of these is maintained. You will produce these documents if requested at any time by the Group.

If any required licence, registration or permit is suspended or cancelled you are required to inform the Company immediately. If you fail to retain and/or maintain a required license, registration or permit, this could lead to disciplinary action, (up to and including termination of employment).

Use of Information Technology

The Group's Information Technology (**IT**) systems include all computers, telephones, facsimile machines, photocopiers, mobile phones, mobile devices, networks, control systems, applications, messaging services, internet services, CCTV, GPS devices, and associated infrastructure, equipment and services.

Your use of the Group's IT systems must conform with Fortescue's Appropriate Use of Information Technology Policy and other policies and standards (as amended from time to time) which are available on the Group's internal intranet. You are personally accountable for your use of the Group's IT systems, as well as all use of your accounts for those IT systems. Your passwords are personal and confidential and must not be shared under any circumstances.

You must not access or use the Group's IT systems without authorisation or in excess of authorisation, even where the system does not restrict such use. This includes any use outside of the scope of Your Role as documented in any relevant position description, or that is not required for the legitimate execution of your employment duties. The Group's IT systems must not be used for private commercial intentions, personal monetary acquisition or for conducting personal business. Any personal use of the Group's IT systems is at your own risk.

The Group retains ownership of all information created, stored or transmitted through the Group's IT systems.

All use of the Group's IT systems, and all information placed on or sent through the Group's IT systems, including personal use and personal information, may be monitored, recorded and disclosed by the Group for lawful purposes. You expressly consent to such monitoring, recording and disclosure of information.

You must not access or use the Group's IT systems to create, store, transmit or voluntarily receive any material that is offensive or harmful to the Group, its workforce or the general public, including material that is unlawful, defamatory, threatening, obscene, hateful, racist, violent, pornographic, invasive of privacy, abusive, harassing, advocating unsafe or harmful practices, or is otherwise objectionable, including comments based on race, national origin, sex, sexual orientation, age, disability, religion or political beliefs.

Termination of Employment

Other than during probation, either you or the Company may choose to terminate your employment at any time by giving 4 weeks' written notice. The Company may substitute pay in lieu of notice for all or part of this period.

If your employment is terminated by the Company and at that time you are aged over 45 and have:

(a) more than 5 years' continuous service, you will receive an additional 1 week's notice or pay in lieu of notice; or
(b) 5 years' or less continuous service, an additional 1 week of notice or pay in lieu of notice has been factored into the 4 weeks' notice period.

If you fail to work some or all of the notice period, the Company may deduct and retain an amount in lieu of the remaining period of the notice period from any monies otherwise owing to you on termination to the extent permitted by law.

For all or part of your notice period, or at any time during your employment, the Company may at its sole discretion direct you:

(a) not to attend for work;

(b) to attend for work at a different location to your usual Work Location;

(c) to perform no work; or

(d) to perform designated duties whether or not these duties form part of your usual role but are within your skill and competence.

Your obligations under this Contract of Employment continue to apply during the notice period. This includes an obligation to comply with all reasonable directions of the Company and a general duty of fidelity, which requires you not to do anything which would harm the Group.

The Company can accept that you have terminated your employment at your own initiative if:

(a) you are absent from work for 3 consecutive days that you are rostered to work without notifying the Company;

(b) the Company is not satisfied that there are reasonable grounds for the absence, and

(c) the Company has made reasonable attempts to contact you or immediate family members using contact details (if any) that have previously been provided to the Company, and has documented those attempts.

Misconduct

If you engage in misconduct or otherwise commit a serious or persistent breach of a term or condition of this Contract of Employment, the Company may take disciplinary action against you, which includes but is not limited to any or all of the following actions:

(a) suspension with or without pay;

(b) demotion; or

(c) termination of your employment with or without notice.

For the purpose of this clause, misconduct includes, but is not limited to:

(a) any act of dishonesty;

(b) failing to comply with any lawful direction given by the Group;

(c) a serious or persistent breach of the Code or any Group policy, procedure or standard relevant to Your Role;

(d) fighting or aggressive or intimidating conduct; or

(e) any use of a social media platform which is contrary to a direction given by the Company or Group and/or makes adverse comments about the Company or Group or persons working for the Company or Group.

Absent Without Official Leave (AWOL)

Any period of unauthorised or unapproved leave or absence from work will be recorded as Absence Without Official Leave and may result in the Company taking disciplinary action against you (up to and including termination).

Permitted Deductions

You agree to and hereby authorise the Group at any time (including upon the termination of your employment) to deduct from all or any amounts payable to you including your wages, allowances or any other benefits provided to you by the Group, any amounts properly due and owed by you to the Group, including but not limited to the following:

(a) amounts paid to you for leave in advance;

(b) amounts overpaid to you by the Group; and

(c) the recovery of costs incurred by you as a result of your private use of Group property.

The amount of any deductions made by the Group will match the actual amount incurred or overpaid. You agree that any deductions made by the Group are reasonable and for your benefit.

If the amount of outstanding monies owed by you to the Group on termination exceeds the amount of your final pay (including accrued entitlements), the amount owing by you becomes a debt to the Group which is required to be repaid immediately.

Security

The Group will have the right, in the interests of ensuring the security of both people and property, to examine and inspect any part of a Group location including equipment, storage and camp accommodation, and any package, container or vehicle carried or driven by you upon entering or exiting various Group locations.

You must comply with the security directions of the Group and any of its contracting partners, including entry to and exit from Group Work Location or premises you are required to attend. Failure to comply with such directions may result in you being denied entry and being subject to disciplinary action.

You will not remove any records, documents, vehicles, tools, plant or equipment or consumables from a Group premises without prior approval of the Group. If it is considered that you reasonably represent a security risk, the Company may terminate your employment.

You acknowledge that your continued employment with the Company is reliant on the Group and any of its contracting partners providing you with access to work on site.

Entire Terms of Agreement

Your Contract of Employment represents the entire agreed terms and conditions of employment with the Company and supersedes any previous agreement, arrangement, understanding or representation, (either written or oral), in relation to your employment with any of the entities of the Group or Company.

No Waiver

No failure to exercise or any delay in exercising any right, power or remedy under this Contract of Employment will operate as a waiver. Nor will any single or partial exercise of any right, power or remedy preclude any other or further exercise of that or any other right, power or remedy.

Severance

If any provision of this Contract of Employment is found by a court or tribunal to be void, voidable by any party, unenforceable or illegal, it will be interpreted so as to give it its maximum force and effect.

Firstly it will be read down so as to be valid and enforceable or, if it cannot be read down, the provision (or, where possible, the offending words) will be severed from this Contract of Employment without affecting the validity, legality or enforceability of the remaining provisions (or parts of those provisions) which will continue in full force and effect.

No Adverse Construction

This Contract of Employment is not to be construed to the disadvantage of a party because that party was responsible for its preparation.

Governing Law

The terms and conditions of your employment are to be construed and governed in accordance with the laws applicable in Western Australia and any dispute regarding the Contract of Employment is to be dealt with in the applicable Federal body located in Western Australia.

Dr. Winther-Jensen was accredited research supervisor (level 2) from Monash University and has supervised more than 10 PhD students to successful completion.

In 1999 and 2000 two spin-off companies (Nanon A/S) and Scandinavian Micro Biodevices) were started in the field of plasma polymerization from NKT Research Center. The technology underpinning these companies were largely based on patents and techniques developed by Dr Winther-Jensen.

In December 2012 four patents from Dr. Winther-jensen’s portfolio in the water-splitting field made a significant part of Monash University’s contribution (of a total five patents) that was licensed to the start-up company “Aquahydrex”, which was 100% financed by the US based venture capital company TrueNorth.

A list of peer-reviewed publications (108) and patents (26) is attached in a separate file.

Hi Julie,

We've already got your support. That's super helpful.

Please find attached CVs of Aaron and Bjorn.

Bjorn is my PhD supervisor who is semi-retired and currently in Thailand. He is probably the best electrochemist I know, his involvement in this would be essential. He is also very hands on, and I have already discussed it with him without revealing too much details. Before he got his PhD, Bjorn has developed several processes which are deployed commercially. Same time, Bjorn would probably have to report to Michael or Paul Scott.

Best regards,
Bart

I agree with Michael. We will need someone to drive this while we do 100s other things and having a quick chat with Aaron. He seems like a great candidate.

Aaron is currently in the process of getting our NDA signed. We will have a more detailed follow-up call with him, but getting him on board asap would definitely help and take some of the work burden from us.

We need someone practical who has a can do attitude and is great at setting up mechanical and material operations.

Bart and I have spoken to Aaron Szumilak (Polish background born in Canada) who worked on the Iron Bridge project and was pivotal in making the HPGR work and overall project innovation. Paul Scott has had a look at the resume. He knows the FMG/FFI values.

He is also very practical and frugal and can work with speed. (not recommending it but he could probably weld up the [redacted] pod we saw [redacted] and get the kiln brick installation going before [redacted] close their term sheet)

Andrew is agitating on all this work. If we bring Aaron on with a contract we can get the arms and legs to start the process.

Hi Michael,

The idea makes sense. Having one step-process which can be easily controlled by tunning applied voltage is definitely preferred over solid-state reduction using green hydrogen or ammonia. It merely makes it easier and potentially cheaper.

In terms of energy intensity, the process uses roughly 4 MWh/tonne of steel. Hence, with 500 MW of hydropower and uninterrupted operation, we would get nearly 1.1 million tonnes of steel per year. While it seems not much, we need to remember that there is a reason why steelmaking is one of the major contributors to global carbon emissions, contributing roughly 7% of global CO2 emissions. The steelmaking process is very energy-intensive. The energy contained in coal used to process iron ore via traditional pathways contains around 5.3 MWh/tonne of steel. On average 0.8 tonnes of coal is used to produce 1 tonne of steel.

Annual Leave

As a full time employee you will be entitled to 20 days' paid annual leave for each year of service with the Company.

If you are employed as a "shift worker" for the purposes of the National Employment Standards, you will be entitled to 25 days' paid annual leave for each year of service working on continuous shift with the Company.

Annual leave will be taken at a time agreed with the Company having regard to operational requirements. The actual amount of time taken and paid as annual leave will be deducted from your annual leave accrual. If you are on a roster, annual leave is required to be taken in minimum periods of one full swing or multiples of swings.

Leave applications must be approved in writing by the Company and the Company can direct how annual leave will be taken. The Company may direct you to take paid annual leave at certain times, including but not limited to:

(a) where you have accrued excessive annual leave; or

(b) during periods where the Company or Group, or sections of the Company or Group, are not fully operational, there is a shut for maintenance or close down.

If you do not have enough annual leave, you may be required to take leave without pay.

Where permitted by the FW Act, you may be entitled to:

(a) cash out annual leave by agreement in writing with the Company, provided your annual leave accrual balance after cashing out satisfies the requirements of the FW Act; and

(b) take annual leave in advance of your entitlement provided it is approved by the Company in writing and is deducted from subsequent accruals.

Personal/Carer's Leave

As a full time employee you will be entitled to 10 days' paid personal/carer's leave for each year of service with the Company. Your personal/carer's leave entitlement accrues progressively during your year of service and accumulates from year to year. However, if unused, personal/carer's leave is not payable upon termination of your employment.

If you have used all your paid personal/carer's leave entitlements, you will also be entitled to 2 days' unpaid carer's leave per occasion.

To be entitled to take paid or unpaid personal/carer's leave you must notify the Company as soon as reasonably practicable of your inability to attend work, the nature of your injury, illness or emergency or that of a member of your immediate family member, or household (as defined in the FW Act), the period, or expected period, of leave and provide an application for leave following immediately on your return to work from personal/carer's leave.

The Company may require you to provide evidence to substantiate the basis for taking personal/carer's leave, including a certificate from a registered medical practitioner or a statutory declaration. If you do not produce evidence that satisfies the Company of the basis for an absence, you may not be paid personal/carer's leave for that absence and may face disciplinary action (up to and including termination).

If you are unable to attend work but do not have an accrued entitlement to personal/carer's leave:

(a) you may request to take annual leave instead of personal/carer's leave; or

(b) the Company may direct you to take annual leave if you have accrued excessive annual leave. The Company is not required to give you notice if it directs you to take annual leave in accordance with this clause.

Compassionate Leave

You will be entitled to 2 days' paid compassionate leave on each occasion a member of your immediate family or household, (as defined in the FW Act), contracts or develops a personal illness or sustains a personal injury that poses a serious threat to their life, or after the death of a member of your immediate family or household.

If you work at a remote site or when a member of your immediate family resides overseas, you will be entitled to an additional 2 days' paid compassionate leave to allow for travel to and from site or overseas.

You must provide the Company, as soon as practicable, with notice of the taking of any compassionate leave, the expected duration of the compassionate leave and you may be required to provide evidence of the need to take such leave to the satisfaction of the Company.

Long Service Leave

You will accrue long service leave at the rate of:

(a) 13 weeks of paid long service leave after completion of the first 10 years of continuous service with the Company; and

(b) 6.5 weeks of paid long service leave after completion of each 5 years of continuous service with the Company after the first 10 years.

Where you have completed at least 5 years of continuous service with the Company, but less than 10 years:

(a) you will be entitled to take the proportionate amount of leave that you would be entitled to on the basis of 13 weeks of paid long service leave for 10 years of continuous service with the Company; and

(b) your long service leave balance will be deducted by the amount so taken.

Any period of long service leave taken is inclusive of any rostered periods of rest and recreation leave that would normally fall during that period.

At completion of 5 years or more continuous service with the Company, you may, as an adequate benefit in lieu, cash out some or all of your long service leave entitlement by agreement in writing with the Company, in which case you will be paid in lieu of the amount of long service leave cashed out based on your annual salary.

Parental Leave

If you have completed at least 12 months' continuous service with the Company you will be entitled to 12 months' unpaid parental leave in accordance with the FW Act.

If you are intending to or considering taking parental leave you should consult your Line Manager and a Fortescue People representative.

Defence Forces Reserve Training

If you are involved in the Defence Forces Program you will be entitled to 14 days' unpaid leave for each year of service with the Company to attend Defence Reserves training.

Other Leave Entitlements

You will also be entitled to take leave to carry out certain community service activities such as jury service and voluntary emergency management activities.

Meaning of time periods

In this clause a reference to a month is a reference to a calendar month, a reference to a week means 38 hours and a reference to a day means 7.6 hours.

Provision of Transport

Where the Company provides you with transport to and from a Site or Work Location, this will occur from a Designated Point of Departure determined by the Company. You are required to arrive at your Designated Point of Departure at the times required by the Company, according to transport schedules and to comply with other requirements. If you are absent from work as a result of a failure to comply, this may result in disciplinary action and you may not be paid unless the absence is for approved leave.

Camp Accommodation

If you are provided with accommodation by the Company you are required to observe and comply with all rules and directions established by the Company, the Group or another person delegated by them regarding the accommodation and surrounding facilities (which may be amended from time to time). Failure to abide by these rules and directions may lead to disciplinary action and/or the withdrawal of your camp accommodation and, in such circumstances, your employment may be terminated.

Public Holiday

You may be required to work on public holidays that fall within Rostered Hours and payment for this requirement has been factored into your annual salary. You agree that a request to work on a public holiday is reasonable having regard to the nature of Your Role, the operational requirements of the Company and your annual salary.

If you are not required to work on a normal rostered work day solely because it is a public holiday, you will receive payment as if you were required to work on that day as part of your annual salary.

Employee Obligations

You must comply with the requirements and directions of the Company. These requirements and directions may change from time to time. Failure to comply with these requirements and directions may result in disciplinary action, up to and including termination of employment.

You must comply with all of the Company's instructions regarding safety and security and always engage in safe work practices for the protection of yourself and others.

You will be provided with Company uniform and/or personal protective equipment as relevant to the requirements of your specific job role and Work Location.

You must attend work in a fit state that will enable you to perform your duties without danger to yourself or others and must at all times comply with the Company's directions regarding fitness for work.

The Company may require you to undertake such medical tests as it considers appropriate including, without limitation, random drug and alcohol testing, health screenings and assessments and you agree to undergo such tests and to give the Company access to the results of such tests, which will be dealt with in a confidential manner, to assist with the management of safety, welfare and general employment matters.

You will maintain the validity and currency of all licenses, qualifications, certificates, drivers' licenses and all other relevant documents that are required for your employment. You will produce these documents if requested at any time by the Company.

Occupational Health and Safety

The Company is committed to the health, safety and wellbeing of all employees. You must comply with all Group and Work Location safety policies and procedures and immediately report any unsafe or hazardous condition. Employees who violate safety standards, cause hazardous or dangerous situations, or do not report (or, where appropriate, remedy) such situations, may be subject to disciplinary action (up to and including termination).

If you are involved in or aware of any incident or accident that results in injury to persons or damage to property (or potential injury or damage to property), regardless of how insignificant it may appear, you must notify your Line Manager or other relevant manager immediately.

Company Property

On your employment ending or at any other time requested by the Company, you must return to the Company:

(a) all property belonging to the Group that you have or reasonably can obtain; and

(b) all property that you have, or can reasonably obtain, that contains Confidential Information.

Property includes anything on which information is recorded, for example, documents, computer disks, thumb drives, hard drives and memory cards.

Compliance with the Code, Policies, Procedures and Standards

You are provided with access to the Code and all policies, procedures, guidelines and standards relevant to Your Role, through the internal Group intranet. You must familiarise yourself with and comply with all obligations imposed on you by the Code and any Group policy, procedure, guideline or standard. Such documents are not incorporated into this document and do not form part of your Contract of Employment, and do not create implied rights for you or obligations to you from the Company. The Group may vary the Code and any policy, procedure, guideline or standard from time to time. To the extent that obligations arise for the Group, under the Group's policies, procedures guidelines and standards, you agree that no duty of mutual trust and confidence exists between you and the Company.

Confidentiality

You must not, either during or after your employment, use or disclose to any person any of the Group's Confidential Information, except:

(a) in the proper performance of your responsibilities and duties;

(b) if you are compelled by law and have used every lawful means available to you to prevent disclosure; or

(c) if you have been authorised in writing by the Group to do so.

In the event you are required to disclose the Group Confidential Information to a person you must:

(a) inform your Line Manager in writing prior to any disclosure; and

(b) ensure that other person is aware that the information must be kept confidential.

If you suspect or are aware of any unauthorised use, copying or disclosure of information, you must immediately notify your manager.

Confidential Information means all information regardless of the manner in which it is recorded or stored, including but not limited to information in an electronic form, relating to the business interests, methodology or affairs of the Group, or any person or entity which the Group deals or is concerned with.

Conflicts of Interest

You must fully disclose all actual and potential conflicts of interest, and you may not give or receive any monetary payment, gift, benefit, personal favour or gratuity in, or in connection with, any business of the Group except as expressly authorised in accordance with Group directions and protocols.

Media Statements

Statements to the media may only be made by a designated Group representative. If you are approached for a comment by any representative of the media, you should politely decline and refer the enquiry to your Line Manager.

Ownership of Products and Copyright

Any intellectual property (including, but not limited to, inventions, discoveries and original work, process, design or other material) produced in the course and scope of your employment or using the Group's equipment, data or other resources, is and will be the sole and exclusive property of the Group and should not be used other than for the purposes of Group's business. You agree to assign all such intellectual property to the Group, including all common law and statutory rights and remedies and any rights of action now or later available to you in relation to that property. This includes copyright in any material such as computer programs.

Personal Information

Throughout your employment the Group may collect personal information about you. You consent to your personal information being transferred to a related entity in Australia or in other countries, the Group insurers and superannuation administrators, travel agencies and other organisations engaged to assist the Group in human resources administration or to provide employee benefits.

All personal information will be administered and used in accordance with the Code (as amended from time to time).

Licences

If you are required to hold a specific licence, registration or permit as a condition or requirement of employment then you must ensure that validity and currency of these is maintained. You will produce these documents if requested at any time by the Group.

If any required licence, registration or permit is suspended or cancelled you are required to inform the Company immediately. If you fail to retain and/or maintain a required license, registration or permit, this could lead to disciplinary action, (up to and including termination of employment).

Use of Information Technology

The Group's Information Technology (**IT**) systems include all computers, telephones, facsimile machines, photocopiers, mobile phones, mobile devices, networks, control systems, applications, messaging services, internet services, CCTV, GPS devices, and associated infrastructure, equipment and services.

Your use of the Group's IT systems must conform with Fortescue's Appropriate Use of Information Technology Policy and other policies and standards (as amended from time to time) which are available on the Group's internal intranet. You are personally accountable for your use of the Group's IT systems, as well as all use of your accounts for those IT systems. Your passwords are personal and confidential and must not be shared under any circumstances.

You must not access or use the Group's IT systems without authorisation or in excess of authorisation, even where the system does not restrict such use. This includes any use outside of the scope of Your Role as documented in any relevant position description, or that is not required for the legitimate execution of your employment duties. The Group's IT systems must not be used for private commercial intentions, personal monetary acquisition or for conducting personal business. Any personal use of the Group's IT systems is at your own risk.

The Group retains ownership of all information created, stored or transmitted through the Group's IT systems.

All use of the Group's IT systems, and all information placed on or sent through the Group's IT systems, including personal use and personal information, may be monitored, recorded and disclosed by the Group for lawful purposes. You expressly consent to such monitoring, recording and disclosure of information.

You must not access or use the Group's IT systems to create, store, transmit or voluntarily receive any material that is offensive or harmful to the Group, its workforce or the general public, including material that is unlawful, defamatory, threatening, obscene, hateful, racist, violent, pornographic, invasive of privacy, abusive, harassing, advocating unsafe or harmful practices, or is otherwise objectionable, including comments based on race, national origin, sex, sexual orientation, age, disability, religion or political beliefs.

Termination of Employment

Other than during probation, either you or the Company may choose to terminate your employment at any time by giving 4 weeks' written notice. The Company may substitute pay in lieu of notice for all or part of this period.

If your employment is terminated by the Company and at that time you are aged over 45 and have:

(a) more than 5 years' continuous service, you will receive an additional 1 week's notice or pay in lieu of notice; or
(b) 5 years' or less continuous service, an additional 1 week of notice or pay in lieu of notice has been factored into the 4 weeks' notice period.

If you fail to work some or all of the notice period, the Company may deduct and retain an amount in lieu of the remaining period of the notice period from any monies otherwise owing to you on termination to the extent permitted by law.

For all or part of your notice period, or at any time during your employment, the Company may at its sole discretion direct you:

(a) not to attend for work;

(b) to attend for work at a different location to your usual Work Location;

(c) to perform no work; or

(d) to perform designated duties whether or not these duties form part of your usual role but are within your skill and competence.

Your obligations under this Contract of Employment continue to apply during the notice period. This includes an obligation to comply with all reasonable directions of the Company and a general duty of fidelity, which requires you not to do anything which would harm the Group.

The Company can accept that you have terminated your employment at your own initiative if:

(a) you are absent from work for 3 consecutive days that you are rostered to work without notifying the Company;

(b) the Company is not satisfied that there are reasonable grounds for the absence, and

(c) the Company has made reasonable attempts to contact you or immediate family members using contact details (if any) that have previously been provided to the Company, and has documented those attempts.

Misconduct

If you engage in misconduct or otherwise commit a serious or persistent breach of a term or condition of this Contract of Employment, the Company may take disciplinary action against you, which includes but is not limited to any or all of the following actions:

(a) suspension with or without pay;

(b) demotion; or

(c) termination of your employment with or without notice.

For the purpose of this clause, misconduct includes, but is not limited to:

(a) any act of dishonesty;

(b) failing to comply with any lawful direction given by the Group;

(c) a serious or persistent breach of the Code or any Group policy, procedure or standard relevant to Your Role;

(d) fighting or aggressive or intimidating conduct; or

(e) any use of a social media platform which is contrary to a direction given by the Company or Group and/or makes adverse comments about the Company or Group or persons working for the Company or Group.

Absent Without Official Leave (AWOL)

Any period of unauthorised or unapproved leave or absence from work will be recorded as Absence Without Official Leave and may result in the Company taking disciplinary action against you (up to and including termination).

Permitted Deductions

You agree to and hereby authorise the Group at any time (including upon the termination of your employment) to deduct from all or any amounts payable to you including your wages, allowances or any other benefits provided to you by the Group, any amounts properly due and owed by you to the Group, including but not limited to the following:

(a) amounts paid to you for leave in advance;

(b) amounts overpaid to you by the Group; and

(c) the recovery of costs incurred by you as a result of your private use of Group property.

The amount of any deductions made by the Group will match the actual amount incurred or overpaid. You agree that any deductions made by the Group are reasonable and for your benefit.

If the amount of outstanding monies owed by you to the Group on termination exceeds the amount of your final pay (including accrued entitlements), the amount owing by you becomes a debt to the Group which is required to be repaid immediately.

Security

The Group will have the right, in the interests of ensuring the security of both people and property, to examine and inspect any part of a Group location including equipment, storage and camp accommodation, and any package, container or vehicle carried or driven by you upon entering or exiting various Group locations.

You must comply with the security directions of the Group and any of its contracting partners, including entry to and exit from Group Work Location or premises you are required to attend. Failure to comply with such directions may result in you being denied entry and being subject to disciplinary action.

You will not remove any records, documents, vehicles, tools, plant or equipment or consumables from a Group premises without prior approval of the Group. If it is considered that you reasonably represent a security risk, the Company may terminate your employment.

You acknowledge that your continued employment with the Company is reliant on the Group and any of its contracting partners providing you with access to work on site.

Entire Terms of Agreement

Your Contract of Employment represents the entire agreed terms and conditions of employment with the Company and supersedes any previous agreement, arrangement, understanding or representation, (either written or oral), in relation to your employment with any of the entities of the Group or Company.

No Waiver

No failure to exercise or any delay in exercising any right, power or remedy under this Contract of Employment will operate as a waiver. Nor will any single or partial exercise of any right, power or remedy preclude any other or further exercise of that or any other right, power or remedy.

Severance

If any provision of this Contract of Employment is found by a court or tribunal to be void, voidable by any party, unenforceable or illegal, it will be interpreted so as to give it its maximum force and effect.

Firstly it will be read down so as to be valid and enforceable or, if it cannot be read down, the provision (or, where possible, the offending words) will be severed from this Contract of Employment without affecting the validity, legality or enforceability of the remaining provisions (or parts of those provisions) which will continue in full force and effect.

No Adverse Construction

This Contract of Employment is not to be construed to the disadvantage of a party because that party was responsible for its preparation.

Facilitation payments are typically minor, unofficial payments made to secure or speed up a routine government action by a government official or employee. The making of facilitation payments by Fortescue employees is prohibited.

Secret commissions are also prohibited. These payments typically arise where a person or entity (such as a Fortescue employee) offers or gives a commission to an agent or representative of another person (such as a customer of Fortescue) which is not disclosed by that agent or representative to their principal. Such a payment is made as an incentive to influence the conduct of the principal's business.

If you are uncertain about whether a gift should be accepted, or recorded in the Gift and Entertainment Register, seek advice from your Supervisor, Group Manager, or the Company Secretary.

It is also unlawful in those circumstances to encourage someone else to deal in Fortescue's shares or to pass the information to someone you know who may use the information to buy or sell the Fortescue shares.

You should not engage in activities which involve, or appear to involve, a conflict of interest. Such circumstances could compromise your ability to make impartial business decisions which are in the best interests of Fortescue.

While carrying out your duties, you should avoid all situations in which your personal interests conflict, or might appear to conflict, with your duties to Fortescue. You must not use your position with the Company to obtain personal gain or benefit for yourself or third parties (such as friends, relatives and business associates).

Circumstances which may give rise to actual or perceived conflicts include:

You are required to disclose to Fortescue, in writing, all actual or perceived conflicts of interest.

This written notification should be provided to your manager immediately upon becoming aware of the conflict, or potential conflict, and should also be forwarded to your Group Manager and the Company Secretary.

A common area of potential conflict of interest relates to the identity of external organisations involved in a tendering or procurement process for the supply of goods or services to Fortescue.

If you are involved in such activities, you must ensure you are aware of and understand the Procurement policy, and related procedures and manuals, which can be found on the Fortescue intranet.

If you are unsure of your obligations in this scenario, you should clarify your understanding with your manager. It is your manager's responsibility to ensure the matter is properly reviewed, including whether it is appropriate for the individual to continue involvement in the activity.

Fortescue relies on you to practice sound decision-making and take actions which will preserve an ethical workplace. Remember, you are in charge of your decisions. No one, at any level, has the authority to tell you to do something unethical or illegal.

5.9 Trade practices and anti-competitive behaviour

In Australia and many other countries, laws exist which promote competition in business and protect the interests of consumers. In Australia most of these laws are embodied in the *Competition and Consumer Act 2010 (Cth)* (external site). Broadly, these laws prohibit anti-competitive agreements or understandings between competitors, certain 'exclusive' supply or distribution arrangements, misuse of market power to damage competition, anti-competitive mergers and misleading or deceptive conduct.

You should not engage in (or be part of, in any way) any conduct which goes against the *Competition and Consumer Act 2010 (Cth)* and related legislation in Australia or similar legislation or rules preventing anticompetitive behaviour in any other country.

Collusive conduct relating to the sale of products or procurement of goods, services or equipment for Fortescue use, which involves understandings with competitors on prices, volumes, terms of sale and the like, will not be tolerated.

A breach of these laws can result in serious consequences, including imprisonment and/or fines for individuals and Fortescue. Businesses and/or consumers who are damaged by unlawful conduct may be able to sue to recover damages.

FORTESCUE FUTURE INDUSTRIES

Our Ref: 579095

Mr Bart Kolodziejczyk
Chief Scientist
FMG Personnel Services Pty Ltd

16 June 2021

Dear Bart,

Fortescue Future Industries

We refer to your resignation from Fortescue Future Industries (FFI) on Friday 14 June 2021, and the subsequent retraction of your resignation on Saturday 15 June 2021. We are happy you have decided to stay with FFI and look forward to moving on the only way we can - collegiately, supporting each other as a team.

In this vein, Bart I wish to thank you and recognise you for your huge efforts and contributions to FFI since we started as a very small team focused on H-H in early 2020. FFI has grown significantly in this short time, and it is critical that our FFI leaders continuously demonstrate our values and lead by example.

We acknowledge your recent comments and ask for your positive involvement to support continuous improvement. We will communicate to the FFI team to ensure your role and responsibilities are clear. (See Appendix 1). We look forward to you pioneering the development of green iron and ask you to stay responsible for this right through to commercialisation. This is a critical objective for FFI, and there will come a time when this project, if successful, is required to be handed over to project and construction managers. I will be happy if they continue to report through to you technically, to ensure the implementation quality and technology guarantees its success. When successful, it will be you up on the podium and cutting the ribbon.

I confirm that your concerns that Green Iron could be taken from you are entirely inaccurate. Cameron Smith has been informed that anything that distracts from manufacturing by him, will lead to failure, as focus is the key to success. Cameron will try and help you whenever you ask and counts you as a very valuable teammate who like me, and all of us who serve at FFI, would like to support you and see you successful.

Bart, this however will necessitate a substantial behavioural change by you and leads me to our Chairman's chief concern, to your failure to be a positive and encouraging leader. If you are to hold any position within FFI, particularly as a high level Ambassador for Fortescue through holding the title of Chief Scientist, in everything you do, you must reflect our values. The Chairman is not convinced that your behaviour recently, in any way reflects this highly privileged and respected position. While you retain this title until you meet with the Chairman, its continuance beyond that meeting is not guaranteed. That will be up to you and the Chairman.

I would like to do everything in my role to ensure you are successful when you meet with the Chairman, and the rest of your career, which we all hope will be with Fortescue Future Industries.

To ensure a successful and ongoing working relationship we expect the following:

- Always demonstrate, through words and actions, Fortescue's values and culture.
- All criticisms, complaints and situations you feel lack clarity, must be escalated to Andrew or Julie immediately, and always provide suggested solutions.
- Do not make complaints or criticisms to or about other team members, particularly behind their backs, as this creates negativity and leads to a toxic environment.
- Treat all FFI team members with respect, this includes all forms of communications.
- Participate in personalised leadership development coaching with a professional coach.

We understand this has been a challenging period for many reasons. Please remember that Fortescue's employee assistance provider is available on 1800 30 30 90 and Fortescue's Company Chaplain, David Bradbury, is available on 0418 655 911, if you need them.

Bart, we are looking forward to a long positive working relationship with you in FFI, and seeing green iron, and other R&D projects, into fruition.

Culture and values are critical and as a FFI leader, everyone is looking to you to demonstrate them 100% of the time.

Yours sincerely
FORTESCUE FUTURE INDUSTRIES

JULIE SHUTTLEWORTH
CEO FFI

1 Background

1.1 We have been informed by Fortescue Future Industries Pty Ltd (FFI) that Mr Bartlomiej Kolodziejczyk (the Employee) an employee of FFI, resigned with his intended last day of employment being 31 January 2022. A copy of the email Mr Kolodziejczyk sent with the attached his resignation letter is included below in Appendix 1.

1.2 FFI has concerns that the Employee may have publicly misrepresented himself as the owner of certain FFI intellectual property and with his pending resignation that he may, without authorisation, attempt to remove such FFI intellectual property from the corporate network.

1.3 FFI engaged Deloitte Financial Advisory Pty Ltd (Deloitte), to undertake an investigation, in particular a forensic analysis of the Employee's allocated FFI information technology devices to identify whether:

1.3.1.1 any information exists which may indicate that the Employee had removed or was preparing to remove confidential and / or commercially sensitive intellectual property belonging to FFI

1.3.1.2 any information exists which indicate that the Employee may have been claiming ownership of FFI patents or other intellectual property.

2 Scope and Approach

Scope

2.1 The engagement scope involved the following:

2.1.1 Preliminary conversations with the relevant stakeholders

2.1.2 Taking possession of the FFI information technology devices allocated to the Employee: FFI laptop (the Laptop) and mobile phone (the Mobile)

2.1.3 Obtaining a forensic copy of the Laptop hard drive (the Image) and Mobile data (Mobile Data)

2.1.4 Preliminary analysis of the preserved data as set out in sections 2.1.3

2.1.5 Updating the relevant stakeholders on the findings.

Approach

2.2 Our approach to this engagement involved the following:

2.2.1 Data preservation

- Collection of the Laptop and Mobile Phone
- Undertaking a forensic copy and preserving of the Laptop hard drive and Mobile Phone data
- Creating backup copies of the acquired data.

2.2.2 Investigation and data analysis

- Compiling a list of relevant keywords in collaboration with FFI, to assist in analysis activities
- Undertaking an initial analysis and indexing the forensically preserved data
- Undertaking an analysis of the preserved data to identify potentially relevant information.

2.2.3 Report on findings

- Provide a verbal report on preliminary findings
- Based on initial preliminary findings, determine whether any additional analysis should be undertaken
- If required, draft a factual report.

3 Work undertaken

Discussions and scoping

3.1 We spoke with and received instruction from the following people:

Table 1 - FFI Instructing Contact

Person	Organisation	Position
Mr Stephen Insch	FFI	FFI Global Governance & Compliance

Preservation of electronic data

3.2 We preserved data from the following two FFI devices:

Table 2 - FFI Devices

Device type	Description	
Laptop	Make/model: Chassis type: Serial number: Indicative HDD size: Asset No. Indicated user	Toshiba Portege X30-E Laptop 1K151526H 250GB FMGLAP6855 Mr Bartlomiej Kolodziejczyk
Mobile Phone	Make/model: IMEI Number: Indicated user	Samsung Galaxy J5 Pro 358340083307080 Mr Bartlomiej Kolodziejczyk

3.3 Both devices were subjected to forensic preservation for further investigation.

Preservation copy

3.4 The forensic image (the Image) of the Laptop hard disk drive has been retained by Deloitte and is available for any additional or further enquiries and analysis as deemed necessary. We were unable to forensically preserve the Mobile Phone and as such Deloitte retains no data from this device.

3.5 We undertook a preliminary forensic analysis of the Image to identify information which may be relevant to the concerns raised by FFI. The types and method of data analysis are detailed below.

3.5.1 System usage analysis / user profile analysis

- We performed an analysis of the 'User' profiles to establish the usage patterns or other information to establish the Employee user account was actively being used.

3.5.2 Deleted file content

- A process by which recoverable deleted data content is identified and reconstructed based on file type.

3.5.3 Recent file and folder activity

- An inspection of the available system artifacts to identify user interaction with files and folders stored within the Image.

3.5.4 USB device activity

- Analysis of system artifacts to determine if USB devices had been connected, and if there was any information to indicate data had been copied to an external device.

3.5.5 Email messages

- Available email messages from the Image were examined for any evidence of data exfiltration or other suspicious activity.

3.5.6 Internet history activity

- Identification and analysis of internet artifacts was undertaken to establish if information exists which may provide information relevant to the matter. This included areas such as:
  - information related to webmail usage such as Telstra, Optus, Gmail, Yahoo etc.
  - information relating to any cloud-based storage such as Dropbox, OneDrive or Google Drive.

3.5.7 Installed applications

- To establish if any applications were installed which may provide remote access or file transfer capability which may bypass any FFI network access restrictions.

3.5.8 Windows system files

- Analysis of Windows registry and event log files for any relevant information.

3.5.9 Keyword searching

- To facilitate the analysis process two distinct keyword lists were compiled:
  - Keywords (keyword list 1) sourced with the assistance of FFI and applicable to the circumstance to identify potential data exfiltration or other relevant information. (refer Appendix 2)
  - Keywords (keyword list 2) based on names of identified files located in a deleted directory of the laptop during the preliminary (refer Appendix 3).

4 Findings

Laptop Operating System

4.1 The operating system name, version and details were identified as:

Table 3 - Laptop Operating System Details

Description	Details
Operating system	Windows 10 Enterprise
Product ID	00330-80000-00000-AA913
Current O/S build number	19042
Indicated install date	24/06/2021
Registered owner	FMG

System user profiles

4.2 Six user profiles were noted to be present on the Image, the user account associated with the Employee was noted to be C:\Users\bkolodziejcz

Deleted data

4.3 Analysis of deleted files and / or directories within the laptop identified:

4.3.1 A deleted folder named 'Temp SD' was observed in the root directory of the Image

4.3.2 It was noted a subdirectory of the 'Temp SD' directory was named 'To Save\Fortescue IP'

4.3.3 Names of files identified in the directory 'To Save\Fortescue IP' were used in the compilation of keyword list 2

4.3.4 Time stamp details for the 'Temp SD folder' show 22 October 2021 at 9:07am as the last time it was accessed

4.3.5 Insufficient information was available to confirm if accessed date was the actual date and time the folder was deleted.

System files

4.4 Analysis of system files for the recent file and folder activity was undertaken to identify any information activity in relation to the files file names identified and described in 4.6.

4.5 Three references were identified that contained file names identical in name to those seen in the 'Fortescue IP' folder and appear to have been located on a USB thumb drive. The identified details are shown in Table 6.

Table 5 - Files Accessed on USB

4.6 Examination of further windows system files did not identify information that may suggest the Employee had removed or attempted to remove commercially sensitive intellectual property from the FFI network.

USB device activity

4.7 USB device activity identified and it was noted that a USB device was connected to the Laptop on 22 October 2021 at 6:59am. Table 7 below shows the details of this USB device.

Internet history activity

4.8 Internet browser activity was analysed to determine if relevant information may exist. No information was identified to indicate that the Employee had removed or attempted to remove FFI commercially sensitive intellectual property from the FFI network.

4.9 We did note that Microsoft OneDrive was active, however no additional information was present, and an available synchronization log was in an encrypted state and unable to be examined. Last activity appeared to have occurred on 29 October 2021.

Installed applications

4.10 The applications installed on the Laptop hard drive were examined to identify any which may provide remote access, or the ability to transfer data.

4.10.1 It was noted the software 'FileZilla' Client was installed on the Laptop. The FileZilla Client is part of a free software suite which allows the secure remote file transfer between computers via the internet.

4.10.2 No additional information was available to determine when the FileZilla application was installed or if the application had been used.

Mobile Phone Analysis

4.11 Upon inspection of the Mobile Phone, it was noted that the device was in an 'initial setup' initialisation state.

4.12 FFI indicated that the phone had previously been used by the Employee, suggesting a potential 'factory reset' of the mobile phone may have been undertaken.

4.13 Forensic analysis of the phone was not possible owing to this.

5 Recommendations

5.1 Based on the work undertaken and findings detailed above we have no recommendations.

Subject: RE: A request

Dear Bart

I am writing in response to your e-mail below.

We have not responded to your most recent e-mail as we have been considering our position in light of new information.

We have recently discovered that you are a co-director and shareholder of two recently incorporated companies together with some ex-employees of Fortescue, Michael Masterman (FFI's former CFO) and Bjorn Winther-Jensen (FFI's former Technology Development Lead). These companies are Element Zero Pty Ltd and Proton Systems Pty Ltd.

As you are aware, Bjorn is a co-inventor on various patent applications the subject of the Deed of Confirmation and Assignment we have asked you to sign.

We also understand that one or both of your companies are potentially developing technology that is similar to technology you developed for Fortescue. In this regard, we are aware that your colleagues have been seeking the supply of iron ore samples from Fortescue to help test your technology. Recent searches of IP Australia's patent records also identify two patent applications for "ore processing" methods for which Element Zero Pty Ltd is the applicant.

In light of the above, we would like to meet with you and your co-directors on a confidential, without prejudice basis, to discuss our concerns, and in particular, whether your patent applications are based on, or otherwise incorporate, Fortescue's intellectual property or confidential information.

Lastly, we are under no obligation to provide a response to you within 10 days or otherwise. Your assertion that our recent professional and amicable interactions can be characterised as "bullying" is simply not accurate. We respectfully remind you of your non-disparagement obligations towards Fortescue contained in your Separation Deed.

We look forward to hearing from you shortly with a view to setting up a meeting with you and your co-directors in the next two weeks.

Kind regards,

Adrian

Dear Sussane,

This is a final friendly reminder to provide previously requested documents.

Please share the documents within 10 business days.

In case you fail to do so, I will have no choice but to take a further action including notification of Australian media about Fortescue's attempt to bully me into signing dicuments without disclosing what I am signing away.

Best regards,
Bart

Dear Susanne,

Thank you for your reminder.

My requests are still valid. I am not in position to give away rights to IP without being familiar with what is actually claimed. I appreciate that all FFI patent assignments are governed by WA law. I am in Victoria and as such I am requesting the governing law of the agreement to be that of Victoria.

Best regards,

Former Fortescue duo in breakaway green iron dream

Peter Ker *Resources reporter*

Jan 17, 2024 – 5.00am

Two of the original architects behind Fortescue's clean energy pivot [https://www.afr.com/companies/energy/fortescue-to-pump-billions-into-clean-energy-venture-20210218-p573rt] believe their start-up can solve the carbon footprint of the Australian iron ore industry without using the hydrogen [https://www.afr.com/policy/energy-and-climate/the-fire-within-fortescue-s-clean-energy-mission-20211018-p590yj] and membrane [https://www.afr.com/rear-window/andrew-forrest-insane-in-the-membrane-20230219-p5clq7] technology popularised by their former employer.

One of Fortescue chairman Andrew Forrest's [https://www.afr.com/companies/mining/executive-chairman-forrest-he-always-was-20220518-p5am9t] most senior lieutenants of the past 25 years, Michael Masterman [https://www.afr.com/life-and-luxury/how-joan-masterman-became-earth-mother-of-tasmanias-ecotourism-boom-20160314-gni3b5], has joined forces with former Fortescue chief scientist Bart Kolodziejczyk to create a metals processing start-up that is already turning iron ore into pure iron at laboratory scale.

Bart Kolodziejczyk (left) and Michael Masterman were early leaders of Fortescue's clean energy pivot. Now they're trying to beat their alma mater at its own game. **Eamon Gallagher**

Dubbed Element Zero, the new company has a patented method of "electro-reduction" that uses an alkaline solution and electric current to separate pure iron from the waste products in iron ore such as silica, alumina and oxygen.

Mr Masterman and Mr Kolodziejczyk say Element Zero's patented process can work for the hematite ores that dominate the Australian iron ore industry, plus other metals like nickel.

"Everything we do was developed after Fortescue and doesn't bring anything from Fortescue," said Mr Kolodziejczyk.
Element Zero is part of a rush to develop "green iron" technologie [https://www.afr.com/companies/mining/shift-to-green-steel-challenges-future-of-australian-iron-ore-20230302-p5covz]s that could help Australian miners reduce the scope 3 emissions created when their customers cook iron ore and coking coal together to make steel.

The oxygen in iron ore combines with the carbon in coking coal during the steel-

making process to make carbon dioxide.

Big miners Rio Tinto, Fortescue and BHP are investigating future options to export pure iron from Western Australia rather than iron ore, by removing the oxygen and other waste products in ore.

Pure iron has traditionally been extracted from iron ore in some parts of the world using the potent greenhouse gas methane, under a process called direct reduced iron. Miners like Fortescue have studied [https://www.afr.com/policy/energy-and-climate/the-fire-within-fortescue-s-clean-energy-mission-20211018-p590yj] whether they can make carbon-free DRI by using green hydrogen rather than methane to remove the oxygen.

But experts have warned that converting the Pilbara iron ore industry to hydrogen DRI would be extremely expensive [https://www.afr.com/companies/mining/shift-to-green-steel-challenges-future-of-australian-iron-ore-20230302-p5covz], costing up to $30 billion and requiring the installation of enough renewables to double Australia's power generation capacity.

Hydrogen DRI also struggles to work on the hematite ores that dominate the Australian export industry.

Part of the breakthrough at Element Zero "is being able to show that we can process the iron ore of all the majors and all the magnetite miners," said Mr Masterman, adding that the company had trialled ore from several miners, including Fortescue.

"Importantly for Australia's future, because iron ore grades are coming down, our technology works very efficiently on the currently sub-economic, sub 55 per cent iron ores."

Under Element Zero's process, iron ore is dissolved into a clear, alkaline solution that does not include water. When renewable electricity is passed through the solution, the pure iron plates onto a cathode, from where it can be collected for sale.

Element Zero is commissioning a green iron pilot plant in the Perth suburb of Malaga, where 100 kilograms of iron ore will be fed into the process each day.

Mr Kolodziejczyk received an Order of Australia in 2022 for services to hydrogen energy science. But he said the lack of hydrogen in Element Zero's process was an advantage because it lowered capital costs and allowed for a more direct and efficient use of renewable power.

Fortescue announced last February that it had developed a method for making green iron without requiring hydrogen, but Dr Forrest said that breakthrough was based on Fortescue's secret membrane technology [https://www.afr.com/companies/mining/fortescue-lab-succeeds-in-green-iron-experiment-20230323-p5cuol].

Mr Masterman said he believed technologies reliant on membranes would be hard to scale up, and stressed that Element Zero did not use membranes.

"If you want to build a plant that is say 5 million tonnes per year, you can't pass 5 million tonnes a year through a very expensive piece of plastic," he said, in reference to membranes.

Mr Masterman's association with Dr Forrest goes back to the late 1990s when he was the finance boss at troubled miner Anaconda Nickel.

He later held senior roles at Fortescue, including as international projects boss, before serving as chief financial officer and chief investment officer within Fortescue's Future Industries division between 2020 and 2022.

He also served as chairman of Dr Forrest's private company Squadron Energy until late 2021; Squadron is now Australia's biggest owner of renewable power assets.

During their time at FFI, Mr Masterman and Mr Kolodziejczyk were among the small group that spent most of 2020 travelling on Dr Forrest's private jet to more than 30 nations [https://www.afr.com/companies/mining/forrest-fmg-team-dodge-deadly-terrorist-attack-20200913-p55v4h] on the hunt for clean energy projects.

Mr Masterman said exiting Fortescue better enabled him to focus on a smaller number of projects.

“There became a point in time where, for me, [there were] too many time zones; let’s come back and focus. So I stepped back in 2022 and focused on where there are opportunities for very, very large-scale decarbonisation,” he said.

Some of the green iron technologies being pursued by Fortescue were developed by Mr Kolodziejczyk during his time at the company, and his name is still on some Fortescue patents.

Asked why he did not pursue Element Zero’s electro-reduction method while working at Fortescue, Mr Kolodziejczyk said the idea had not dawned on him until later.

“You actually had to step out of Fortescue to brainstorm, ideate and develop a pathway,” he said. “We tested it in our garage initially to make sure it works.

“We can move significantly faster being a small start-up company.”

Mr Masterman said he hoped Element Zero could have a good working relationship with Fortescue in the future.

“We need a broad church to be successful here. There are enormous incentives for the major iron ore companies to solve this problem and enormous incentives for the major steel companies to solve this problem,” he said.

“We want to be in a position, with the support of the full industry, to be able to deploy at scale quickly.”

Element Zero was registered with ASIC in December 2022 and raised $9 million from US venture capital fund Playground Global [https://www.afr.com/technology/meet-the-aussie-who-gave-elon-musk-his-first-job-20230324-p5cuy7] in August.

The money was part of a $10 million raising that will help fund studies on a larger plant that would consume a tonne of iron ore per day.

Below is a quick summary of my observations regarding the "Lab laptop". To save time I thought a quick email would be more effective as opposed to a formal report. At this stage I don't see much value in going any further with this laptop.

We are currently in the process of uploading / downloading the Deloitte forensic copy. Once done, I will process and review.

The Lab Laptop

Summary
No discernible activity has been identified pertaining to the copying of data to Cloud storage or to USB devices or to Cloud Email. This is in part due to the time that has elapsed and the loss of key data arising from the ongoing use of the computer.

Observations
The following is a summary of my observations to date.

For the purpose of this analysis I have focussed on activity occurring between March 2019 and November 2021 ('**the Relevant Period**').

USB Activity

- A review of the date ranges for the different artefacts that provide evidence of activity shows that:
  - The relevant artefacts show file activity as far back as 5 June 2021.
  - Activity associated with accessing files on USB devices connected to the laptop only go back to 4 October 2022 (i.e. outside the relevant period).
  - USB device connection activity only goes back to 4 October 2022 (this being outside the relevant period).
- For USB devices connected outside the relevant period, I note that there are several KINGSTON USB storage devices that were connected. The Physical serial number of these devices is not known. I note that in the Deloitte report that a KINGSTON USB device was connected. Once I have the other PC image I will do a quick comparison.

Cloud Storage

- There is some Dropbox activity recorded on 17 June 2021 and 5 July 2021. The 17 June activity is only 4 entries and it is not clear what activity it relates to. The 5 July activity pertains to the downloading of the file "600 cycles.ndax".
- No discernible OneDrive or Google drive activity was identified.

SharePoint

- The Web History shows a lot of activity associated with accessing the Fortescue SharePoint (e.g. https://fmgl.sharepoint.com/sites/FFIMineralsResearchandDevelopment/")

Webmail

- There is activity recorded associated with accessing a Gmail account on or after 23 November 2023. This being outside the relevant period.

For your reference, attached is a Chronology of activity that is based on the various artefacts on the laptop. Using the "Event" and "Media" columns you can filter on different types of data / activity.

Thanks Rod.

By way of update to the below chronology, it appears Bart/Bjorn moved into the lab in April/May 2021 (not June 2021 as previously stated).

Kind regards,

Adrian

PRIVILEGED & CONFIDENTIAL

Hi Rod

Thanks for your time earlier today and for moving so quickly – we appreciate your efforts.

As requested, by way of brief chronology:

- March 2019 - Bart Kolodziejczyk (**Bart**) commences employment with Fortescue as a Hydrogen Specialist
- November 2019 – Bart begins researching green iron technologies
- July 2020 – Bart becomes "Chief Scientist – Energy"
- December 2020 – Fortescue starts work on developing its own green iron technology
- December 2020 – Bart submits a patent assessment form to Robert Grant dated 22/10/2020 for an invention titled "Low-temperature Electrochemical Ore Reduction"
- February 2021 - Bjorn Winther-Jensen (**Bjorn**) commences employment with Fortescue as Technical Development Lead, working closely with Bart
- 24 May 2021 – Fortescue files a provisional patent application for "Apparatus and processing for producing iron". Bart and Bjorn are co-inventors.
- June 2021 – Bart, Bjorn and team move into a lab at the University of Western Australia (UWA) where the laptop (obtained from Balcatta) was used. The laptop was connected a piece of lab equipment (potentiostat) used for experiments. The laptop was used to control software that collected data from the potentiostat. The laptop was also the main laptop used in the lab on a communal basis by other Fortescue employees to run Google searches, etc.
- 11 August 2021 – Fortescue files a standard patent application for "Apparatus and process for producing iron" (based on the provisional filed in May 21). Bart and Bjorn are co-inventors.
- 22 October 2021 – Bart resigns
- 3 Nov 2021 – Bjorn resigns
- 5 Nov 2021 – Bart's last day
- 12 Nov 2021 – Bjorn's last day

I am working on keywords for the Deloitte forensic image and will get back to you.

Kind regards,

Adrian

Background and instructions

1. I understand that Davies Collison Cave Law act for Fortescue Ltd and Fortescue Future Industries Pty Ltd (collectively '**Fortescue**'), in respect of concerns raised that a former employee, Mr. Bartlomiej Kolodziejczyk ('**Mr. Kolodziejczyk**'), of Fortescue Future Industries Pty Ltd may have electronically copied confidential Fortescue intellectual property.

2. Arising from these concerns, I have been engaged to conduct a forensic analysis of a forensic image of a laptop computer that had previously been issued to and used by Mr. Kolodziejczyk.

3. This report details the results of my analysis and details my observations and findings. It has been prepared with consideration that legal proceedings may be commenced in the Federal Court of Australia against one or more persons.

Expert Witness Code of Conduct

4. I acknowledge that I have been provided with the Federal Court of Australia Expert Evidence Practice Note (GPN-EXPT) dated 25 October 2016. I confirm that I have read and complied with this practice note and agree to be bound by it. My opinions in this report are based wholly or substantially on specialized knowledge arising from my training, study and/or experience. I have made all inquiries that I believe are desirable and appropriate (save for the matters identified explicitly in the report), and that no matters of significance which I regard as relevant have, to my knowledge been withheld from the court.

Qualifications & Experience

5. Details of my training, study, qualifications and experience are included at **Annexure A** of this report.

Limitations as to scope

6. Statements of opinions contained in the report are given in good faith but, in the preparation of the assessment, I have relied upon the information provided to me which I understand and

believe to be reliable, complete and not misleading. If additional information should be provided to me, that information might affect the reliability of the conclusions that I have reached.

7. I disclaim liability to any other person relying upon this report, other than for the purpose for which the report has been prepared. This report may not be disclosed or copied to any other person, other than the parties in this dispute and their solicitors and the courts, without either my or CYTER's express written authority.

Sources of Information

8. In preparing this report, I have relied upon or considered the following sources of information:

   a) A forensic image[1] (copy) of a laptop computer obtained by Deloitte ('**the Fortescue laptop**').

   b) A copy of forensic report dated December 2021 prepared by Deloitte ('**the Deloitte report**') regarding the forensic image of the Fortescue laptop.

9. Details of the Fortescue laptop computer from which the forensic image has been sourced can be found in Table 2 of the Deloitte report. **Annexure B** contains additional details about the Fortescue laptop.

10. Whilst I have not had access to the original physical laptop, I have compared the technical information in the Deloitte report with my own analysis of the forensic image. Arising from this comparison I am satisfied that the forensic image as provided to me by Deloitte is the computer referenced in the Deloitte report.

Finding 1. The Fortescue laptop image examine is the image referenced in the Deloitte report.

11. Not withstanding that I have been provided with the Deloitte report, my forensic analysis of the Fortescue laptop has been performed independent of, and with no reliance on, the findings or observations outlined in the Deloitte report.

[1] A forensic image being a verifiable bit for bit copy of the contents (both used and unused) of an electronic storage device.

Background information

Forensic analysis process

12. The forensic analysis of the Fortescue laptop has involved the following:

    a) Process the Fortescue laptop using the following forensic software:

        i. Forensic Toolkit (version 8.0.0.1069)

        ii. Axiom (version v8.0.0.39753)

        iii. Belkasoft X (version 2.4.15170)

    b) The manual inspection and decoding of key log files and system artefacts using:

        i. Hex Edit

        ii. Python

        iii. Notepad++

    c) An examination of user activity on the Fortescue laptop. Specifically the following areas were examined:

        i. System artefacts that show recent user activity. These include, but are not limited to, Jumplists, Link Files, Event logs, SetupApi log files, Internet history, Windows registry.

        ii. Cache files and virtual memory images.

        iii. Unused or unassigned data storage.

        iv. User generated files (e.g. word documents, spreadsheets, PDF documents etc…).

        v. Program files.

        i. Emails and mail stores (e.g. PST, OST files).

ii. Interaction with cloud-based services. This includes cloud storage (e.g. Google Drive, One Drive etc..), cloud base email accounts (e.g. Google Mail) and crypto lockers.

iii. Network connections (e.g. IP addresses, WiFi connections etc).

iv. The use of messaging services (e.g. Teams, Skype, etc..).

v. The use of social media services.

d) Keyword searching using keywords provided by Fortescue.

e) Construction of a chronology of activity (‘**the chronology’**). The chronology is sourced from the various system artefacts and user generated files located on the Fortescue laptop. This chronology has been prepared specifically focused on activity associated with:

i. The access of information (e.g. documents) on:

1. the Fortescue laptop.
2. External USB devices.
3. Network locations.
4. Cloud based storage.

ii. The connection of external USB storage devices to the Fortescue laptop.

iii. Accessing websites and internet services.

13. Accompanying this report is an Excel spreadsheet titled “*AU24024 – Chronology of activity.xlsx*” (‘**the accompanying spreadsheet**’) which contains a worksheet titled “Master Chronology” that is a copy of the chronology of activity.

Date & Time configuration

14. Date and time settings are critical for the operation of a Windows computer. The system date and time value are used by the operating system and installed programs to record when an event occurs, when a file or setting is changed, or when a file is created, modified or accessed.

15. Whilst I did not have access to the physical laptop, I was able to verify the reliability of the date and time values observed during my analysis. A review of the Windows date and time services settings on the Fortescue laptop show the following:

    a) The Fortescue laptop was configured to validate and maintain the laptops date and time settings by reference to an independent Network Time Server[2].

    b) A review of Time service activity as recorded in the System Event logs shows that between June and November 2021 the Windows Time service was:

        I. Validating the system time against the Network Time Server; and

        II. Updating the system time settings as required thereby maintaining the correct time.

    c) The system clock was set to West Australia Standard Time, being UTC +0800Hrs.

16. Based on the date and time settings I am satisfied that the Fortescue Laptop was configured to maintain the system date and time settings to the correct time values and based on the activity shown in the Event logs, was actively doing so. As such I am of the view that the date and time values recorded in the various system artefacts and log files examined are reliable.

Finding 2.	The Fortescue laptop maintained the correct date and time settings.

Analysis limitations

17. It should be noted that as the analysis is reliant on examining computers and devices used over time, the record of activity examined may not be a complete record of all activity. Rather with ongoing use of the devices, evidence of past activity may be overwritten or replaced. To that end the activity identified in this report should be considered as indicative of broader user activity and does not of itself represent all activity.

18. Indeed an examination of the date and time properties of system files and log file entries shows that on 24 June 2021 the Windows operating system on the Fortescue laptop

[2] The Network Time Server provides an independent date and time source that allows a computer to validate its date and time settings and make any necessary changes thereby providing accurate time settings.

underwent a significant upgrade. Such an upgrade resulted in key information being deleted and or overwritten. By way of example, key details of activity associated with the connection of external USB external storage devices prior to the upgrade are no longer present.

Finding 3. The Fortescue laptop underwent an upgrade on 24 June 2021. This resulted in evidence of activity prior to this date being overwritten, thereby impacting on the identification of user activity prior to this date.

Forensic analysis

19. This section details observations arising from my analysis of the Fortescue laptop.

System configuration

20. The Fortescue laptop has the following system configuration:

    a) Is configured with the Windows 10 operating system.

    b) The installed version of the Windows operating system was installed on 24 June 2021.

    c) Contains only one logical user partition (drive). This being the C: drive.

    d) The C: drive has a volume name (label) of: Windows.

    e) The C: drive has a volume serial number of: 9CD9-D337.

    f) Was connected to the network domain FMG.local.

User accounts

21. The Fortescue laptop is configured with the following user accounts:

Username	Type of User	Security Identifier	Profile Path
	Built-in	S-1-5-18	%systemroot%\system32\config\systemprofile
	Built-in	S-1-5-19	%systemroot%\ServiceProfiles\LocalService

22. A review of the user profile folders in the "Users" folder shows that the Fortescue laptop had the following user profiles installed:

Profile Folder Name	Path	Created (UTC +0800Hrs)	Last Modified (UTC +0800Hrs)
admindipope	C:Users\admindipope	10/08/2021 15:38:13.89	10/08/2021 15:38:14.89

Public	C:Users\Public	07/12/2019 17:14:52.89	25/06/2021 11:16:52.81

23. The above user account information informs me that:

a) There was a user account configured and active for the user "bkolodziejcz" (see entries shaded in grey).

b) The user account for ""bkolodziejcz" was a domain level account which means that it was connected to and administered by a domain controller.

c) The user ""bkolodziejcz" had local access to the Windows operating system which means that activity associated with this user was being recorded by Windows.

Finding 4. The Fortescue laptop had a user account for "bkolodziejcz" and was actively being used by this user.

External USB storage device activity

24. The Fortescue laptop contains records of several external USB storage devices (being USB thumb drives, USB hard drives and USB storage media) attached to the computer between June 2021 and October 2021. This activity is recorded in the Windows registry and Windows log files.

25. The following table summarises the devices known to have been connected. It should be noted however that not all instances of a device being connected will be readily identifiable. Over time, and with regular use and system updates, details of previous connections can be overwritten.

Device	Details	Serial / ID Number	Volume Label	Volume Serial Number	User account activity associated with
Toshiba	TOSHIBA USB DRV USB Device	07080A078F1B6304	TSB USB DRV	B1F5919C	bkolodziejcz
Kingston	USB DISK 2.0 USB Device	900042ACAE668708		EA447510	bkolodziejcz

26. A review of device activity for the above devices shows that:

    a) The earliest confirmed connection activity for the Kingston USB drive occurred on 7 October 2021.

    b) There are indications that the Kingston USB drive may have been connected as early as 19 August 2021.

    c) The earliest confirmed connection activity for the Toshiba USB drive occurred on 2 September 2021.

27. The connection history is shown in the accompanying chronology and for ease of reference the relevant entries have been highlighted in Green.

Chronology: *To see this activity, use the filter option on the "Media" column and select "Removable Drive" and "USB Device"*

28. In addition to the above devices, activity associated with the connection of a SanDisk Cruzer USB thumb drive was observed. This activity was in the system backup logs that were created when the Fortescue laptop was updated on 24 June 2021. As such I am unable to determine any connection history for this device. Given the nature of the information available, I note that this device:

    a) Was connected prior to 24 June 2021.

b) Has not been connected since 24 June 2021.

Finding 5. Two external USB storage devices were confirmed to have been connected to the Fortescue laptop by the user "bkolodziejcz" between September 2021 and November 2021.

File and folder activity associated with external USB storage devices

Drive letter assignment

29. A forensic review of the system settings and activity records as recorded in the Windows system registry shows that any external USB storage device connected to the Fortescue laptop will be assigned one of the following drive letters:

D: E: F:

30. The actual drive assignment will depend on the number of USB devices connected at the time.

File and folder activity

31. A forensic review of system artefacts such as Jumplists, Link Files, Shellbags and Browser History shows that between August 2021 and October 2021 multiple files and folders were accessed from external USB storage devices (being USB thumb drives and USB hard drives) connected to the Fortescue laptop.

32. A review of the Jumplist and Link File artefacts shows that files or folders were accessed from external USB storage devices with the following volume names and volume serial numbers whilst connected to the Fortescue laptop:

Volume Name	Volume Serial Number
TSB USB DRV	B1F5919C

33. A review of file activity shows that the following files were accessed on the Toshiba external USB storage device whilst connected to the Fortescue laptop.

35. It should be noted that the above file activity for both the Toshiba external USB storage device and the Kingston external USB storage device does not represent the entire contents of each device. Rather it only shows known instances of when a user accesses a file or folder on the external device whilst connected to the Fortescue laptop. As such there may be files on the external USB storage devices that do not appear on the list. This being due to those files not being accessed whilst the USB storage device was connected to the Fortescue laptop.

Finding 6. The user "bkolodziejcz" accessed files from the Toshiba and Kingston USB storage devices whilst they were connected to the Fortescue laptop. The names of the files and folders accessed suggest that some of the information accessed relates to Fortescue.

Cloud Activity

36. A review of cloud activity involving cloud storge (e.g. Google Drive) and web-based email (e.g. Gmail) activity on the Fortescue laptop was performed. This review involved examining web surfing, file activity and email activity. The following details my observations.

File Download activity

37. A review of internet activity shows that several files were downloaded to the Fortescue laptop from the following sources:

    a) Web Sites

    b) SharePoint

    c) Google Mail

    d) Teams

    e) Zoom

38. Activity associated with downloading files from Google Mail relates to the downloading of attachments to emails. Details of these files and events are recorded in the accompanying chronology.

Chronology : *To see download activity filter the Event column by "File Downloaded" and view the Detail 1 and Detail 2 columns.*

Google activity

39. The internet history shows activity associated with accessing a Google account. The Google services accessed within this account include Gmail, Hangouts Chat and Google Drive. From this activity I note:

a) There was access to files and folders in Google drive by the user bkolodziejcz on 8 October 2021. What files or information that was accessed or what activity (e.g. uploading files) was undertaken cannot be determined.

Chronology : *To see this activity use the filter option on Detail 1 column and search for "drive.google"*

b) There is no synchronised copy of a Google drive account on the laptop, consequently I am unable to determine what data the Google Drive holds.

Chronology: *To see this activity use the filter option on Detail 1 column and search for "mail.google"*

c) A search across the laptop has identified the following Gmail addresses being used to send and receive emails:

- kolodziejczyk.bartlomiej@gmail.com
- kolodziejczykbartlomiej@gmail.com

d) A search across emails on the laptop has identified 37 emails and or calendar appointments being sent to or from the following private email addresses:

- kolodziejczyk.bartlomiej@gmail.com
- bjornwj@gmail.com

Finding 7. The Fortescue laptop was used to access files in a Google Drive account as well as download files from attachments to a Google Mail account. The full nature and volume of data residing in these accounts is not known.

File Deletion Activity

40. Located in the root of the C: drive of the Fortescue laptop is a deleted folder titled “TempSD”. This folder was created on 11 October 2019 at 08:14Hrs and was last modified on 22 October 2021 at 09:07Hrs. The “TempSD” folder has the following base folder structure:

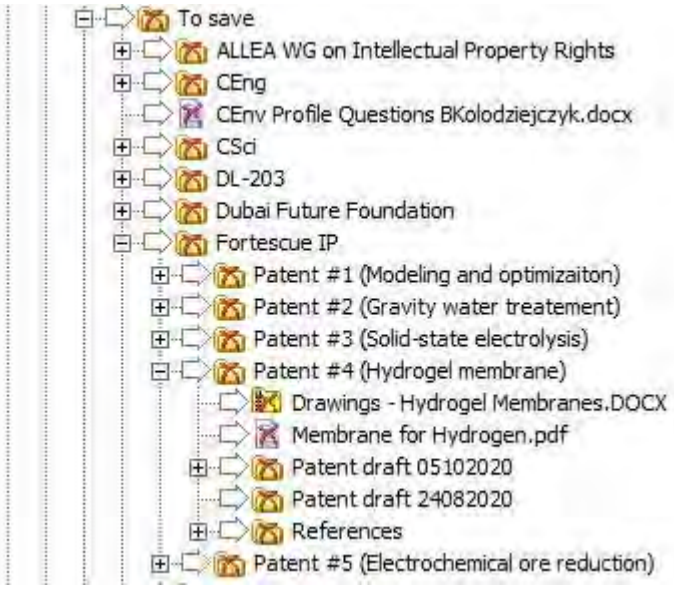
41. A review of the date and time properties of the files and folders in “TempSD” shows that the last recorded modification to a file occurred on 22 October 2021 at 09:05Hrs. Whilst I am unable to determine when the “TempSD” folder and its contents were deleted, the presence of this last modification date and time would suggest that the deletion occurred sometime on after this.

42. Located in the accompanying spreadsheet is a worksheet titled “TempSD” that contains a list of files and folders located within the “TempSD” folder.

43. A comparison of the files and folders accessed on the external USB storage devices connected to the Fortescue laptop and the contents of the “TempSD” folder show that there is a similarity in folder structure between the two. By way of example, the following folder was accessed from the Kingston external USB storage device whilst connected to the Fortescue laptop:

    D:\To save\Fortescue IP\Patent #4 (Hydrogel membrane)\As filed\

44. Located in the folder structure of the “TempSD” folder is a similar folder structure, albeit without the last folder (i.e. “As filed”). The following is a screen capture showing the folder structure within “TempSD”.



45. Such a similarity provides a strong indicator that the Kingston external USB storage device is likely to contain a copy, either full or in part, of the files located in the “TempSD” folder.

Finding 8. The Fortescue laptop contains a deleted folder titled “TempSD” that was deleted on or after 09:05Hrs on 22 October 2021. The structure of this “TempSD” folder shows strong similarities to the files and folders on the Kingston USB device. This would suggest that the Kingston USB device may contain copies of files found in the “TempSD” folder.

Computer Forensic experience

I have over 20 year's continuous experience as a forensic and technology specialist, providing forensic technology services in support of both criminal prosecutions and civil litigation. These services involve the following activities:

- The provision of forensic analysis in support of technologically complex matters;
- The extraction of transactional data from enterprise wide systems;
- The recovery of deleted or corrupted data;
- The provision of expert testimony with respect of the electronic evidence issues;

- The extraction and analysis of financial and other transactional data for suspicious and or anomalous behaviour;
- The provision of expert reports and opinion as pertains to computer forensic issues and associated IT issues;
- Project manage, both in Australia and throughout Asia Pacific, the collection of electronic data for use as evidence in civil proceedings;
- Measure differing sets of source code to determine commonalities and differences;
- Performance testing of software applications to determine functionality and performance parameters;
- Cyber investigations arising from hacking, malware activity and associated network exploits;
- Traffic and data communications analysis;
- Analysis of internet \ cloud-based video and audio streaming services;
- The development of suitable incident response guidelines and methodologies;

I have given expert opinion evidence in various courts throughout Australia. These include the Federal Court of Australia, the Supreme Court of New South Wales, District Court of Western Australia, various state Magistrates courts, and the Australian Industrial Relations Commission. I have also acted as court appointed expert in respect of both Criminal prosecutions and Civil litigation.

Summary of technical experience

Computer Forensics & Information Technology

I have extensive experience with a range of computer forensic and data recovery tools. Complementing this experience is a detailed understanding of operating system and application behaviour, data communication protocols, file-system structures, file artefacts and meta-data behaviour.

I am proficient in several programming and scripting languages. These languages include Assembler, C, C++, Basic, Visual Basic, Delphi, PhP, HTML and Java. I regularly author forensic tools for use in the recovery of data and the reconstruction of user activity and have authored software which was presented to the court as proof that specific tasks could be achieved.

I have experience in capturing and analysing network traffic for the purpose of:

- Identifying the source or origin of the activity.
- Mapping the unique and identifying characteristics of different streams.
- Extrapolating the underlying technologies used in generating or transmitting the data stream.
- Differentiating human initiated activity from computer generated activity.
- Identifying and profiling cyber related attacks and malware related activity.

Technology and IP related disputes

Using my knowledge of forensics and technology, I have provided expert reports in respect of a wide range of Technology and or IP related civil disputes. The work undertaken includes:

- Undertaking performance testing of software applications to determine functionality and to measure actual performance parameters against stated performance parameters.
- Compare different versions and implementations of source code for the purposes of identifying commonalities and differences in both syntax and logic.
- Reverse engineering network traffic from public facing systems to identify the underlying technology architecture being used.
- Examining geo-location and geo-blocking techniques either as implemented in an on-line system or as proposed for an on-line system and provide expert commentary and evidence around the effectiveness or otherwise.

Cyber Security

I have extensive experience investigating cyber related crimes. This includes conducting online investigations and performing cyber forensics for Malware attacks, Data Breach investigations and insider related threats. Examples include:

- Conducting data breach investigations for organisations and assisting their legal team with reporting to the Australian Privacy Commissioner.
- Conducting cyber investigations into suspected system compromises by third parties (including state sponsored).
- Forensically identifying malware related activity across networks and devices.

Leveraging my practical experience, I have also assisted organisations to understand the nature of their cyber risk and to worked with them to develop frameworks and strategies to respond.

Electronic discovery

In respect of electronic discovery, I have both practical and project management experience in the collection and processing of electronic data in response to discovery orders issued by courts both in Australia and the United States of America. This experience not only covers the actual collection of data, but also includes developing collection methodologies and project managing electronic discovery exercises within Australia and the Asia Pacific region.

Data Analytics

I have experience in applying data analytical and data mining techniques to the analysis of both financial and transactional data. Typically, this involves the extraction of financial and transactional data from a wide range of corporate accounting and database management systems, for the purpose of analysing the data to identify hidden relationship and or fraudulent or anomalous activity. Examples of analytical tools, database management systems and development environments that I have experience with include Microsoft SQL, Postgres, IDEA, ACL, and MySQL.

Additionally, I have co-authored a book on “Computer and Intrusion Forensics”, writing a chapter on data mining techniques and fraud detection systems. I also provide guest lectures on the subject to the Queensland University of Technology.

Research Activities

- In 1998 I completed an international research project on forensic computing, under the auspices of the 1998 Donald Mackay Churchill Fellowship. During my research project I attended the leading law enforcement agencies actively involved in forensic computing and electronic evidence in the USA, Canada, Europe and the Middle East.

- In the past I have acted as associate supervisor to both Honours and PhD students undertaking research into computer forensic processes and techniques.

Academic experience

- 2004 – 2010 Casual and guest lecturer at the Queensland University of Technology, lecturing on data mining techniques and concepts, and computer forensics.

- 2002 – 2010 Guest lecturer at the University of New South Wales, lecturing on computer forensics.

- Assisted the University of Queensland and KPMG School of Business Forensics, with designing a course on computer forensics and data mining for fraud.
