This is appalling

Was this today

Shouldn't the hate laws pick it up?

Can't chat. Can text

I would have thought so

Will ask for a statement

Did you want to put one out?

Or you want me to and call out the need to stop this

I will tweet something in the first instance

You should also put something out

I might call Gatt what do you reckon?

I will chat to him. We have to tread carefully with police.

Ok but this stuff is unacceptable and it appeared like they were

protecting them

That is jumping at conclusions of  
what they are doing. They have a  
role to keep the peace.

It is not always what we see.  
There are other factors we need  
to consider.

Like Black Lives Matter, COVID  
protests etc. they need to work  
on community safety and then  
May look at arrests after.

Understand that but this is  
incitement and needs to be  
called out. Obviously wouldn't  
attack police but this is  
unacceptable

Gatt is going out on this.

He will be calling out the  
behaviour obviously. And talking  
about police position.

He said they are of the view the  
new laws don't cover this, they  
cover the symbol etc. these  
people are hold the Australian  
Flagg.

The police union wants the Nazi salute outlawed after white supremacists marched outside State Parliament, taunting protesters. @LanaMurphy #9News
