2/ The second has emerged from the remnants of the anti-vaxX, anti-lockdown/ [#freedumb](#) movement which -- like 'Reclaim Australia' before it -- similarly proclaims its intention to protect children from Them.

3/ While the targets may have changed, the resemblance to Reclaim -- commitments to protecting The Children & preserving The Social Order battle for space with cries of wounded innocence -- is more than incidental. Just under 8 years ago ...

Reclaim Australia organisers have released a public statement on Reclaim Australia, United Patriots Front, Sherman (sic) Burgess & Co.

"Reclaim Australia Rally - Australia wide

We have all been distressed over the events of the past few weeks. However, we trust that you can know the truth when you hear it and do what is right for all concerned.

It is undeniable that the Great Aussie Patriot has been a strong spokesman for Reclaim Rallies and we respect his move to form his own group—the United Patriots Front. However we need to clear up a couple of things with you.

Sherman never owned Reclaim. Yes, his name does appear on a NSW Business Name registration that was never used by Reclaim. None of our business was ever conducted under that ABN, nor any bank accounts opened under it. He simply put his name up to protect others.

Secondly, we stand by Melbourne's times of 11.00am. It was always going to be 11.00am. The rally point given to the police was somehow leaked to Sherman, who then broadcasted Reclaim's rally point with UPF's 1.00pm rally start.

Our Melbourne page has always maintained they would only release details two weeks out. Now our page is copping flack for it and that is just not fair. As the organisers behind Reclaim we strongly urge you to be at the rally in Melbourne starting at 11.00am.

Finally a word on intent: Reclaim began with Mums and Dads and everyday people volunteering to head up Rally pages across Australia once terror finally landed on our shores—through the Lindt Café siege and many other attempts since.

We want a safe Australia for our children sake, but our means to protesting we always said would be peaceful. This weekend will not be easy. We have counter rallies by other Australians who believe their voice is more important than ours and are intent in closing ours down. That is not fair and robs us of our right to "peaceful assembly".

We ask you to stand with us this weekend...for the equality that Islam constantly seeks to remove from our society; for a democracy that knows that free speech and the right to peaceful assembly are like breathing, to a free country. But most of all please stand with us for freedom. Australia's greatest quality is our freedom and it is under threat this weekend.

Bring your flag...bring your cameras, bring your courage, but most of all—bring your thick skin.

Signed Admin, Parent and lovers of Australia."

6/ The fuel for this particular, slightly wonky machine is almost invariably publicity. Hence, the more outrageous/sensational/stoopid the claims, the better it feeds (insatiable) tabloid appetites.

PS. Shermion Burgess of defunct grps/networks Australian Defence League/Reclaim Australia/United Patriots Front is now a Muslim (but retains his reactionary views).

(Also, what is it w middle-class Little Englanders & hyphenated surnames?!)

One prominent TERF has also connected with extremist movements overseas to support reactionary movements seemingly unrelated to her anti-trans agenda. Kellie-Jay Minshull, who goes by Posie Parker, recently traveled to Norway for a conference where she **posed** with far-right Hungarian politician, **Holocaust denier**, and **Islamophobe** Hans Lysglimt Johansen.

Additionally, Parker has **repeatedly** expressed support for far-right anti-Muslim activist **Stephen Yaxley-Lennon**, also known as Tommy Robinson. Robinson, another **former Tucker Carlson Tonight guest**, has also expressed anti-trans views in a **video** for far-right media outlet The Rebel.

PPS. The success of the US (far-)right in utilising transphobia to mobilise remains unrealised as yet in AUS, but attempts to do the groundwork are certainly being made.

She takes all of the gender identity nonsense even more than me, but our international woman's best want to acknowledge the most unfairly vilified woman in the history of Australian politics and the leader of our party, because none of the "transphobes" will.
