### Statement on Parliament Rally

Today's incident on the steps of the Parliament are a shock to every Victorian who values our inclusive, tolerant and multicultural community.

Right wing extremists are becoming more aggressive and emboldened and despite recent efforts to tighten laws to protect the community from such intolerance, this behaviour continues seemingly without consequence.

This behaviour is simply acceptable. We cannot allow neo-Nazis to goose step and salute on the front steps of our democracy with impunity.

I have formally raised this issue with Victoria Police for potential breach of anti-discrimination legislation and will continue to push for those involved to be held
