Moira Deeming is welcome to test the veracity of my statement, but you should be aware that it has been widely reported that she spoke at a rally attended by Nazis. Surely if Liberals had not believed that the Nazis were supporting KJK, Deeming would not have faced sanction?

Moira Deeming to be suspended from the Victorian Liberal party for nine months following attendance at anti-trans rally

The Melbourne rally was organised by a British anti-trans activist and attended by neo-Nazis who repeatedly performed the Nazi salute.

The disgraced politician, Mrs Moira-Louise Deeming MLC - now a member of the crossbench of the Victorian Parliament - was expelled from the Parliamentary Liberal Party last month. Nevertheless, it appears that she is in a state of denial. She is marketing herself as a "Liberal member" of Parliament, despite not having any authorization to do so from the Party, and she is also misappropriating the Liberal Party logo so as to illegally apply it to confer legitimacy herself, again without authorization. This is an outrage. This "Eva Braun of the western suburbs" (to give her her nickname in some circles) needs to face the legal consequences of her actions!
