1 **Bec Freedom:** March eighteenth. I've been asked by multiple people if Victoria will be holding
2 its own protest. Yes, we will. Let me be clear. It is by no means a hate rally. That is not what it
3 is about. Myself, along with many others have been asked to speak. I'll be talking about the
4 oversexualisation of children and the damage that it is doing to them, as well as society. Share
5 this around, far and wide, we need to have as many people on the streets as possible saying
6 that we don't agree with this. We need to raise awareness, we need to make people see the
7 damage that this is doing to our children. Hope to see you all there.
