- admittedly they were armed - words since

- cliff kicking - he knocked me out.

- when I read it I said, this is funny, and this is what Person 4 told me.

- but shot first?

- Person 4 said - shot after kicked

- he said grabbed Bella
- led her to edge of cliff
- kicked her off cliff
- got shaver through chin
- head hit rock
- teeth fly out
- stays open

just after  
3 or 4 cells

- Alpha: just got kick (said to)

- Person 18 - still in = pulled Concave.

↳ makes RS quiet.

Person 6 and Person 18 close. Both Waterys.

RS - I planned the job and led Person job.

I was in the same hole as RS.

Compounds on edge of desk and green on dry rock beds

We started clearing.

RS cleared the green and compounds

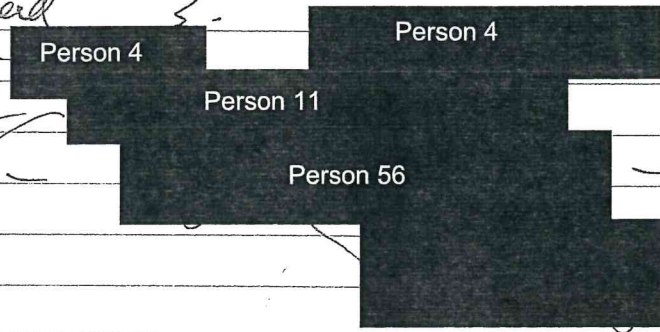

- My patrol was in charge of PUC train. We had the PUC.

- had 5 all diff:

4 blocks - my patrol.

- R5 - corporal patrol commander.

had 3-

- in 3 blocks together with R5.

- Person 11 may have gotten out to R5.

- spent 4 years w Person 5 and R5  
- it he worried about being blooded?

Person 4: "you'd don't say that about the biggest blocks in military history"  
his view of P4

- One of the lawyers called R5 a spec op.  
The patrol report states a fellow was killed.

- Went there twice
- first - helicopter
- 2nd - killed navy seal fella.

My recollections - the same job - <sup>first</sup> cliff   
 That they are on same job.

Heck - early in trip. (river - was warmer)

Spent - - later.

- BS was clearing along the river. (we were camped)  
 call for overwatch

They saw someone in <sup>out green</sup> / or green.

BS said - we will take care of it.

My team - looky after pines.

At last camped - he was drenched -  
 swam a cross river to get back.

I said ok.

The cliff incident.

A day later, from the mouth.

Then I asked overwatch - I said, what  
 was his day.

He said fella walked across river.

I did not wear slats but I couldn't  
 say where they came from.

- Not sure if it was crawling slowly or  
over watch.

- It was hard to tell then where they were

- In the fog - to get sleepers.

he sat next to me.  
he started conversations.

"I found him among rocks and I  
shot him in head and brain went  
into my mouth."

- But I never heard the Blake was armed  
or had fire position.

- Then RS said he stood over him  
and shot him. Must have been close.

- his medical docs - worried about hepatitis?  
- cos of brain.

- he could but he did ask for  
sleepers??

- RS - a strange fella.

- was he armed?

- patrol report - ~~not~~ it's a debrief.

- unless a particular mission.

- ~~7 went~~  
 - ~~Person 1~~ - he went. Beane note.  
 - 2 others

- ~~bloke~~ - (one of them - short, stocky bald fellow  
 tall, lean guy. Young (f. 7. Blonde.  
 out for a few years.

- did one job w commander giving us  
 a hand.

~~Person 1~~ doesn't ring a bell re ~~Person 1~~

- CW would have been a boss a overlord for

~~Person 86~~ was one of

the bosses.

- first boss was wounded

perh  
 or  
 major.

- Commander - it was either Hekmatullah  
 or Navy Seal.

- we cleared one side of the bank.

- they did the other side. (clearer side.

- Afghan troops - we usually had local  
 army unit. And depend on  
 "Koonish" makeony

job.  
 Hekmatullah, dropped the radio down.

2 help files.  
 - cliff - after they were last tracks

Children?

I never heard of kids being shot. Foa had given back Fob and they would comply to the Fob. So

Kids - "If kids had been killed, no one ever said anything - I never heard that. I could have heard."

- 3 or 4 men - "That is very possible."

After my team or another team went into compound. We had strong intel. Another

1 or 2 more were killed. They were all around. They were legitimate KHA."

than those killed by RSJ.

Hostile contact in that area.

My recollection is that it was one of my

blinks or another blink from a team.

Can't say for sure.

We go out on jobs. There is a job to do. Some tough places around. Blinks get a gun. And a fella will shoot him. But a difference between that and for killing a fella off a cliff. I don't believe any kids killed.

If these are

I have never ever heard that whistle. Not during either deployment.

17th Feb - Returns

- At least 7 RS killed on cliff.

One or two killed -  
young fellows - a 12?  
gun returns.

- RS took off after Blake on his own.  
Not suggest he wasn't too concerned.  
He said, he shot a mouth.

- If he's armed, where is the imagery?

Person 4

- He's just worried he's been  
implicated. He wasn't a doctor  
at a matter. He was just stuck in  
that paper.

a mate - saw RS bully  
to call into doing exercise  
Person 14

- by yourself to ABUT - "Not fought on any courses. It's all as this. He gets some of new and then comes back and feels his story."

Some members had access to address / off road.

- The only way the truth will come out  
is if folks talk

- "I never heard that as kids killed."

"I don't believe that was the case"  
(Kids)

- SSC - take everything off

- The photo - take the battle bus  
bullet on him.

- SSC the body. If he was a soldier  
and earned that fella should have  
properly killed as he may have been  
supported by HK or HK.

"This fella was supposedly earned and  
we have no bullet specimens?"

- [redacted] - sees a weapon - "That is his  
call to make"  
"a good fella, a good soldier!"

- He told that HK was very supported.

Person 4

Cliff - in the - 5 to 10 metres  
not sheer.

near HIZ

- took several hours to clear

- dig river bed - 50 metres wide, with cliffs

We grabbed every footer it took. So

no one was around. It was absolute  
bullshit that a bloke would walk  
up under that position. And we  
would have seen him!

At the time - "I'm fairly (I thought so now)  
was wrong".

"we had 8 blokes, I said to  
the others, stay in this room until  
helos leave?"

Person 4

There is jealousy, but everyone associates

"But people like to think we are  
hard, loyal but fair. But some  
of the incidents... the Taliban, they  
are bastards, ... but they never did  
war crimes against us. They used the  
weapons available to them in 1980. We  
say it is cowardly,
