This can be turned around real quick with a strong IV - like Koletti. First question from Mush or whoever:  
"Bruce, did you rape Brittany Higgins?"

recovery mate! Great to have a proper sit down with you and Mark. Really appreciated it. Call/text anytime mate.

Mark did mention about getting me to Canberra this Friday for the hearing with Moses appearing, given the financial situation I've been in for some time. Did you want to approach him first? I didn't want to text him straight up as we all had belly fulls of wine haha! Cheers, Bruce

Following recent developments, I feel the need to make it clear if required I am willing to defend the truth as a witness in any potential civil cases brought about by Mr Lehrmann.

Maybe we need to think about airing Lehrmann IV sooner rather than later???? Non-ratings notwithstanding

Mate, can we try and get into the system a copy of the Wilkinson interview with Higgins. Also, can I get a transcript fairly urgently? PS what were your thoughts re talking to D Harvey Oswald?

Also Lisa's Logie speech

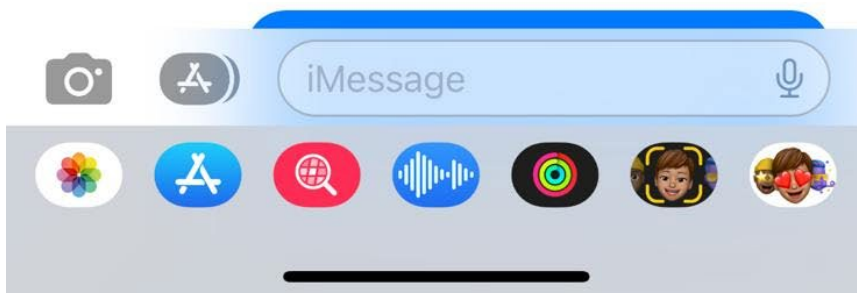

Mate, I am heading down the south coast first thing tomorrow - so won't be in town, sadly. What's the deal with guest passes ?

This is normally where people say they need to spend more time with their family, and that is certainly true, my girls are everything to me, but there's other reasons.

In my 28 years as a TV journalist I've worked in 7 different newsrooms in three countries. Predominantly, doing stories about terrible things that happen to good people, and each of those stories left an impact.

There's only one lesson from them, time waits for no one, and dreams shouldn't be left on the pillow.

The ocean is calling once more and this salty boat life needs further exploring, in the pacific islands, and potentially beyond.

I'm proud of my recent record at the Spotlight documentary unit. 14 programs, 10 of them - one hour shows, most of those with me as researcher, producer and reporter. That's a show every 1.5 months - and number 15 will be out this year.

Yep, it's been busy - and only possible with the hardest working team in Australian TV, editors, producers and bosses who elevated and improved whatever I brought to the table. I wish my colleagues at Spotlight, and the network, all the best and thank them for their unwavering support for almost a decade. Fearless reporting remains essential.

I'll be going freelance, but predominantly I'll be preparing our floating home to cross oceans ~ the last great wilderness.

Thanks to the hundreds of brave people who entrusted me with their life story, often at the worst possible time.

My intention is always to not just report what happened, but to make a difference, and that won't

Dickie Andrews has told Janet to do whatever it takes to get BL

He is a snake

What more do you know.

He told her at Howard's party. Janet told that to Bruce

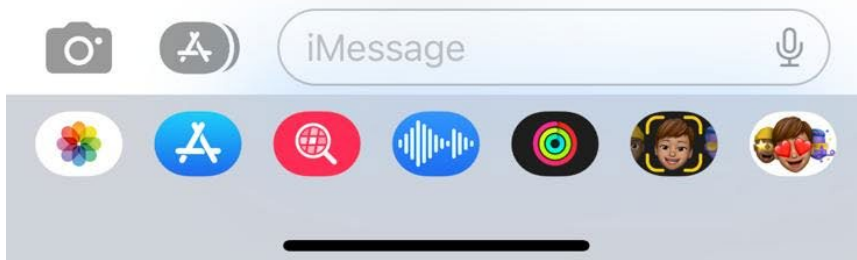

I knew about what he did at the Howard's. I was there. He is a snake. But she wants to do us.

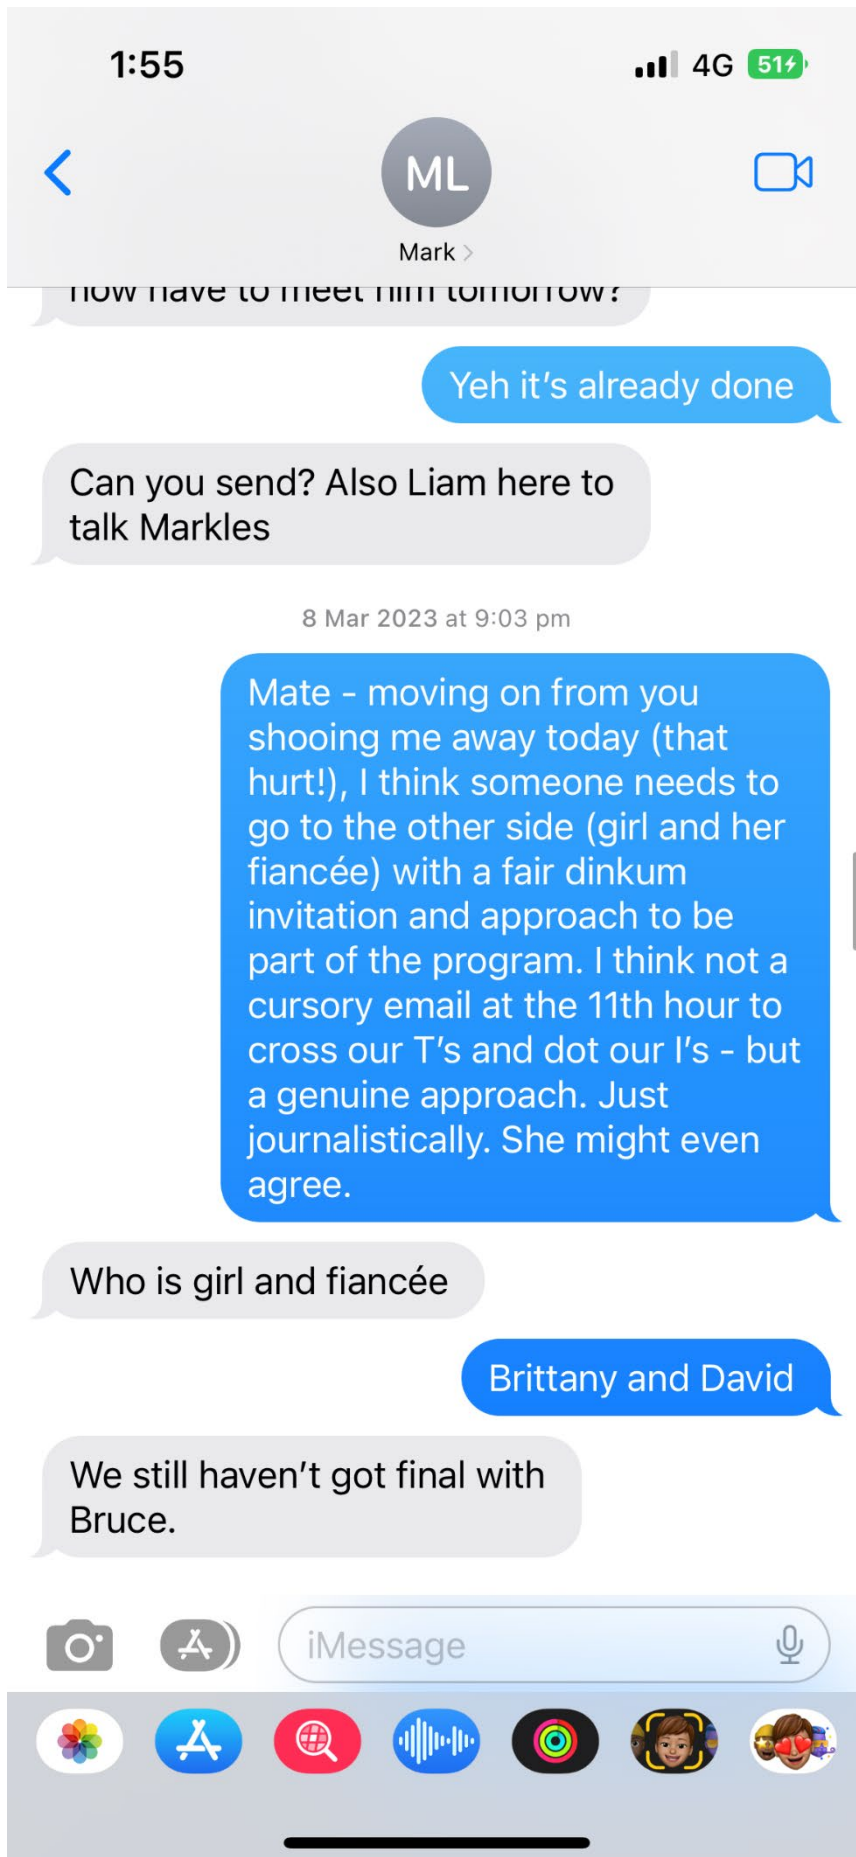

Yeah but she won't be allowed - and it would be terrible for us

I think we should interview her as talent

Mate - moving on from you shooing me away today (that hurt!), I think someone needs to go to the other side (girl and her fiancée) with a fair dinkum invitation and approach to be part of the program. I think not a cursory email at the 11th hour to cross our T's and dot our I's - but a genuine approach. Just **journalistically**. She might even agree.
