Apologies. No. All has been moved to Wednesday and we are flying g them up. Let me know when you'd like to have a chat. 😊

Morning, what's a good time to talk today? Midday?

Can I call you at 12:30?

Sent with Siri

Just talking to Craig and Peter right now.

Is now good?

Yes!

Are you back in range?

I have an explosive political story for Sunday Project. Rang Craig and Sarah and we're going huge with it. March release. I have told Craig I only want to work with you on it. He agrees. Call me when you can.

Hi Lisa

Sounds intriguing! We stayed another night camping and we're now heading for two days away with my parents and mother-in-law as our Xmas pressie to them. I'm on leave this week. I can jump on it from Friday if needed? Is it for this Sunday? If it's not then I'm back from leave on Monday and can hit it then.

It is an extraordinary coverup involving Linda Reynolds, Michaelia Cash and the PMO. Sarah thinks it is so explosive we should do it over three segments from 7pm. It's for March. Enjoy your holiday. The woman at the centre of it all is ready to talk. She is based in Canberra. We can fly her up. Would you be good for a meeting with her on Monday?

Meantime, enjoy your hols. Because when you get back, we work!!

Sounds awesome. Totally good to meet her on Monday!

And thank you so much for thinking of me too. Sounds really interesting!

Hi Lisa

Are we going to the ACT on Monday? It's only the Cumberland area that's restricted when it comes to entering the ACT so we're both fine. Do you need me to organise this?

Just put all the questions I've done so far in that google doc. Still lots to be done. But thought it was a good start.

Thank you!

Evening. Once again, job well done. Just a couple of requests. Can we try very hard to keep in my line to her about Parliament house being the safest place to rape a woman in Australia? Also Herline about this not being a liberal party or a Labour Party problem it's in everywhere problem. Let me know. Lisa.

Agree. Thanks Lisa, great work.

Also really keen on all that stuff on the women in the office passing judgement on the women in the 4 Corners story. So telling... And preempts and shames any woman who tries to do it after Brittany airs.

Yep. Me too.

Think I'll send some flowers to Brittany tomorrow to say thank you once she's home. Do you know what flight they are on?

7.35am flight.

Do you happen to have her address?

I don't sorry. I'll find out.

Craig says yes to Canberra PTC. I'm going this afternoon to shoot stuff overnight and at dawn. Hypothetically when could you be there? I'd need you either at dawn or dusk. Maybe you can't do that till Friday night or Saturday - let me know what works.

Doesn't have to be dawn or dusk - I'm being overly picky. Craig says yes to PTC in Canberra. Peter and Laura don't think it's necessary to do from Canberra but why don't you have a look at the script and see what you think. I've said you'd like to do it in Canberra. See part II script.

Given its length I reckon it's probably not worth doing in Canberra but I think you need to be the judge of this one. If we do it in Canberra - tomorrow morning sometime would be optimal.
