

# Branding and logos

## Logo use

Each Court and the Tribunal have their own logo set:

- Federal Court of Australia
- Federal Circuit and Family Court of Australia
- National Native Title Tribunal

Some of the logos have design variations including 'stacked' and 'long'. [Court logos \(PDF, 872 KB\)](#)

All requests for logos should be submitted through the [communications request form](#)

The request must also include details of the proposed use of the logo.

Communications should be consulted on all external uses of any of the courts' logos.

Communications has the right to refuse use of the courts' logos, if they feel it will impact negatively on the image of the courts. Before making a request to Communications consider the implications of the courts being associated with the branded material/event.

## Branding and style guidelines

### Federal Court logo, colours and typeface guide

- [Federal Court logo, colours and typeface guide \(PDF, 341 KB\)](#) - contains logos, court colours, fonts to use and email signature block.

## Using the Commonwealth Coat of Arms

Restrictions apply to the reproduction of the Coat of Arms. Refer to the [guidelines](#) or use one of the designs available in the [Federal Court Image Gallery](#).

If you require a different format or file size, please submit a request through the [communications request form](#).

## **Australian Government Style Manual**

The [Style Manual](#) provides advice and guidance on structure and consistency for government content. It helps us to put people's needs at the centre of the content we create. It's the toolkit for making information easy to read, accessible and inclusive.
