<p>27/01/2021 4:40:44 PM(UTC+11) [Creation time] I</p>		<p>Hey <b>Lauren</b> Don't feel like you have to respond to this at all. This is mostly just a cathartic thing for me to get it off my chest. I was so ashamed for so long and I've finally moved beyond it.</p> <p>I don't know if you'd even remember but that night we all went out to the dock and then 88mph ahead of the 2019 election. Bruce ended up taking me back to Parliament House. I passed out in the office and when I woke up he was sexually assaulting me. He left at some point during the night and the next day the ministerial security team found me.</p> <p>I'm okay now but it really messed with me for the longest time. I've ended up resigning from PH and have since moved back to QLD. Sorry for the random message - it just was something I had to do to finally process it all. <b>Source:</b> Notes <b>Source file:</b> Brittany's iPhone/mobile/Containers/Shared/AppGr oup/group.com.apple.notes/NoteStore.sq lite : 0x27104CA (Table: ZICLOUDSYNCINGOBJECT, Size: 41615360 bytes)</p>

Pretty much just telling her what          happened to me after I left her that night.            She was appalled and really supportive. I          don't know what I expected whether I          was secretly mad/scared but it felt good          to get it off my chest and share it with          her.  <b>Source:</b> Native Messages  <b>Source file:</b> Brittany's          iPhone/mobile/Library/SMS/sms.db :          0x1108F8D (Table: message, handle,          chat, Size: 33128448 bytes)</p>

I'm          glad she was supportive, and I can't          imagine her not being.            I just can't wait to see you honestly. My          head feels so scattered and I just want to          be near you.
