We now have confirmed the identity of the alleged Liberal Party rapist and we will publish a story naming this bloke as resigning from his job for a so-called security breach, which is all a matter of fact already

I'll be publishing the name of the anonymous Liberal Party adviser at @TrueCrimeWeekly within the next hour. The story will only be available for subscribers. Why should you subscribe? Because I'm a single, poverty stricken writer who takes great risks to bring this to the public

 It is NOT up to some random blogger to name the guy. This is a gross additional assault on the victim. If she wants him named publicly, SHE WOULD HAVE DONE IT! If she can't for legal reasons NEITHER CAN YOU!

 Serkan - apparently releasing the name of the alleged rapist can affect a court trial, which might reduce Brittany's chance of getting justice.

Are you 100% plus sure this is the guy?  
 And does this help Brittany? Because that's the most important thing of all.

 What an excellent way to compromise any chance of a future prosecution.
