Morning all

I've got a large wish list of shots for this very long two part story that we're getting lots of legal advice on. I'm going to take a big breath, pop them down here, and then we can see what's possible. Some is just for overlay, others for upsots potentially as well.

\*\*\* It's absolutely critical that no one at all talks or emails anyone in Parliament House Canberra about the pictures we're looking for. Apologies for sounding like Cpt Paranoid but there are people on edge in Canberra about this story already and no one outside our offices can get a whiff.

1. **Michaelia Cash** press conferences. With these I'm looking for wide shots that include all the journos, camos and staffers. These dates below are what I'm looking for precisely. If we have any of them, I can then wade through and find the pics I need. I realise press conferences aren't kept but some grabs may have ended up in news packages on or around these dates and I can then still get lucky with the shots I'm after.

2. **Steve Ciobo** the former defence industries minister approx 2018/2019 (just brief overlay)
3. **Linda Reynolds** - we need lots of Reynolds please. Anything we can get. Around parliament house in Canberra, anywhere is great. Great to have her in campaign mode in the 2019 election between 11 April 2019 and 18 May 2019 - she was prominent in the seats of Hasluck, Canning and Swan. (Defence industries minister from March 2019, Defence Minister from May 2019. WA Senator since

- 2014.)
4. Do we have any vision we've shot inside and outside around **Parliament House Canberra?**  
**security in and around Parliament House Canberra**  
**office spaces, corridors**  
**AFP**  
**CCTV cameras**
  5. Are we able to get hold of any of the ABC's The House series which had plenty of shots inside where pics aren't usually shown?
  6. **Scott Morrison/Michaelia Cash winning 2019 fed election 18 May**

Meanwhile here are two to begin with:

Michaelia Cash quote (comes in about .29 but can we include the full 1.30 of the story here please)

If we're able to create a folder in the R drive please LONGFORM/ANGUS/ACT and place them there that'd be terrific.

cheers

Angus
